

# PARLIAMENT MEETS TODAY TO FACE GRAVE PROBLEM; NATION'S NEAR WAR BASIS

FREE MILLION NEW IDLES IN GREAT BRITAIN

Parliament Meets Today To Face Grave Problem; Nation's Near War Basis

LONDON, Oct. 18.—Winter and hunger knocked today on the doors of England. The coal-mine strike gripped the kingdom and unrest struck sparks of revolution on the streets of London. Tomorrow Parliament meets. Then will be decided whether or not Britain is to be plunged into war between capital and labor. Tonight there still are groups of the thousands of unemployed who, around noon, were concentrated about the Downing-street residence of Prime Minister Lloyd George. In the hospitals are a number of the fifty rioters who were reported injured in clashes with the police during the demonstration.

BATTLE LOSSES HEAVY. Poles and Lithuanians Clash; Surrender of Soviet Troops; Army Crumbles.

LONDON, Oct. 18.—A severe engagement occurred between Polish and Lithuanian troops Saturday night and early Sunday on the front between Vilna and Kovno, say official dispatches from Kovno today. Both the Poles and Lithuanians suffered heavy losses, the dispatches add.

BULL-FIGHT SEASON ON IN MEXICO. Hundreds of Americans Are Witnesses; Liquor Ruling Relaxed.

MEXICO CITY, Oct. 18.—Twenty-five thousand persons, including several hundred American trade excursionists, witnessed a bull fight here yesterday in the opening of an ambitious season. Two toreros killed six bulls during the fight, which lasted an hour and a quarter. Relaxation of the restrictions against dispatching five bulls without a miss, although one torero narrowly escaped injury when he slipped and fell.

THOUSANDS AT MARION. Harding Receives an Ovation.

ST. LOUIS, Oct. 18.—Scores of confidential letters from the files of the League to Enforce Peace, of which William Howard Taft is President, were introduced into the record of the Senate committee investigating campaign expenditures here today. Names of a number of prominent New York bankers were mentioned in the correspondence.

TAFT LEAGUE ATTACKED. Accused of Breaking Old Law. League to Enforce Peace Activities Before Senate Committee.

ST. LOUIS, Oct. 18.—Scores of confidential letters from the files of the League to Enforce Peace, of which William Howard Taft is President, were introduced into the record of the Senate committee investigating campaign expenditures here today. Names of a number of prominent New York bankers were mentioned in the correspondence.

PALMER HUNTS  
SCALP LOCKS.Demands that Bay City Acting  
Mayor "Stand and Deliver."Wants Liquor Charges Proved  
or Retracted at Once.Bourbon Meet and "Flowing  
Bowl" Tale Starts Ruckus.

(BY A. P. NIGHT WIRE.)  
WASHINGTON, Oct. 18.—Atty.-Gen. Palmer today directed the United States District Attorney at San Francisco "to make a full and complete investigation of reports that forty barrels of whiskey and gin were withdrawn from bond at San Francisco for the entertainment of the delegates to the Democratic National Convention."

At the same time Palmer in a telegram to Acting Mayor McLeran of San Francisco, called upon that official either to produce the proof of withdrawal of the whiskey or to publicly retract the statement attributed to him that Mr. Palmer knew all about the whiskey transaction at the time.

Palmer's message to the acting Mayor was predicated upon special dispatches from San Francisco appearing in newspapers in Washington and other cities yesterday. These dispatches said facts as to the withdrawal of the whiskey had been disclosed by a grand jury investigation. Palmer's telegram to Mayor McLeran follows:

**PALMER'S TELEGRAM.**  
"My attention has just been called to a dispatch from San Francisco published in Sunday's papers that forty barrels of whiskey and gin were withdrawn from bond on order of Dr. William C. Hamler, City Health Officer, ostensibly for use in San Francisco municipal hospital but really for entertainment of delegates to Democratic National Convention, according to facts revealed by the grand jury investigation. The dispatch further states as follows:

"Acting Mayor Ralph McLeran declared that Atty.-Gen. Palmer, who was attending the convention as a delegate, knew all about the transaction."

"If you have been correctly quoted, I call upon you either to produce the proof of your statement or publicly retract it. I know nothing about any liquor being withdrawn in San Francisco for any purpose. If my name was used by any persons withdrawing liquor it was entirely without my knowledge or authority. If you have any facts or information upon which the statement was based you should furnish them immediately to the United States Attorney, whom I have directed to make full and complete investigation of this matter."

**INVESTIGATION BEGUN.**  
(BY A. P. DAY WIRE.)  
SAN FRANCISCO, Oct. 18.—Reports that forty barrels of whiskey and gin were withdrawn from government bonded warehouses here for the entertainment of the delegates and other visitors to the Democratic National Convention are being thoroughly investigated, according to an announcement from the office of U. S. Atty. Frank M. Silva today. The federal grand jury is investigating two separate allegations of liquor selling conspiracies.

but no information could be obtained as to whether the reported withdrawal of bonded goods for the Democrats was being considered.

Later Silva announced that he had been investigating the reports of liquor withdrawals for the Democrats for some time. Silva was occupied most of the day with E. E. Dineen, a field agent of the State prohibition enforcement office, in questioning Emil De Valle, chauffeur of the automobile in which Loren Handley, former prohibition enforcement officer for the State, met his death en route to Sacramento September 20.

Silva, who is investigating reports that Handley came to his death through foul play, said that De Valle told a clean-cut, straightforward story, insisting that Handley's death was accidental, but would be recalled later for further questioning.

**DENIAL BY McLAREN.**  
(BY A. P. NIGHT WIRE.)  
SACRAMENTO, Oct. 18.—Acting Mayor R. McLeran of San Francisco, in Sacramento today, denied he had ever said "Atty.-Gen. Palmer knew all about the transaction" whereby forty-one barrels of liquor were purported to have been released from bond at San Francisco for use of delegates to the Democratic National Convention.

A telegram from Atty.-Gen. Palmer at Washington, asking that McLeran submit proof of this statement, had not been received by him, McLeran said, but would be answered at once when it came. "I never said to any person that Palmer had knowledge of release and use of liquor during the Democratic convention. I never met Mr. Palmer and have no means of knowing whether he was aware of any liquor transaction."

"The matter was one of general knowledge among the delegates and the Attorney-General was in San Francisco at the time."

**DISCUSSES HARRIS ACT.**  
(BY A. P. NIGHT WIRE.)  
RICHMOND, Oct. 18.—Twenty thousand peace officers in California would be available to aid the Federal prohibition authorities if the Harris Prohibition Enforcement Act, to be voted on in a referendum November election, Lieut.-Gov. Young told the fortieth annual convention of the Women's Christian Temperance Union of California at its opening session here tonight. Young said:

"District Prohibition Agent Condit declares: 'It is pretty hard to enforce a law in big state like California with only twenty men. I could use a thousand men in San Francisco alone.'"

"Experience has shown that these peace officers do not act to suppress illegal liquor traffic unless backed by a state law to be enforced by state courts. Such a law is the Harris bill."

"But, if through apathy or inaction, it would give renewed assurance to every bootlegger and blind-bigger that the state and lawlessness and law breaking would breed in our children a feeling that California will tolerate a defiance of our United States Constitution."

Young characterized the Harris Act as most important single measure ever submitted to the people of California.

**POLICE FIGHT OVER WHISKY.**  
(BY A. P. DAY WIRE.)  
CHICAGO, Oct. 18.—In a revolver fight between two groups of policemen today three men, one a patrolman, were wounded and two others, one a police sergeant, were arrested. The fight occurred near McGovern Brothers' Saloon, whose owners had told federal agents investigating prohibition violations, it was alleged, that a police officer had demanded pay of \$100 a week to permit liquor selling.

hibition violations, it was alleged, that a police officer had demanded pay of \$100 a week to permit liquor selling.

**CHICAGO, Oct. 18.**—Shipment of intoxicating liquor to or from Chicago was ordered stopped today by Maj. A. V. Dalrymple, Federal prohibition official for the central division, and Ralph W. Stone, State prohibition director, in an effort to curb the activities of an alleged "ring of bootleggers," which is said to have illicitly disposed of thousands of barrels of whiskey here. The order followed receipt of a letter from John Kramer, national prohibition director, authorizing the local officials to take whatever action they deemed advisable.

BATTLE ROYAL  
FOR MARYLAND.

(Continued from First Page.)

tion of the Volstead Act. Senator Smith is a "dry." Weller is embarrassed by the candidacy of an independent Republican, W. A. Hawkins, a negro, who is campaigning on the complaint of discrimination against negroes by the Republican Mayor of Baltimore and who is expected to lead the poll.

Senator Smith is likewise embarrassed by the candidacy of an important Democrat, George D. Iverson, a "wet."

The business interests are exerting powerful influence in support of Smith and he has the further advantage of the support of many conservative Republicans who have become disgruntled by the radical tendencies of the present Republican Senator, Joseph J. France. Conservative observers believe that Smith will pull through by a small margin.

**RACE ISSUE LIVE ONE.**  
The race issue is a live one in Maryland as in other border States and illuminates the struggle between the two parties for control of these outposts of the solid South. That the Democrats feel their hold on the border States is menaced is demonstrated by the cry they have raised that Republican success means negro equality, if not negro domination.

It was only natural that with women franchised, the Republicans should strive to register as many negro women as possible. With the Democrats registering Democratic white women, however, a normally Democratic State presumably would remain Democratic. The trouble is that the Democrats found such disaffection in their own ranks that the Republicans were likely to win. So they raised the race issue in the hope of deterring Democrats from bolting the ticket.

**High Food Costs at Restaurants Causing Inquiry.**  
(BY A. P. DAY WIRE.)  
BOSTON, Oct. 18.—Restaurant keepers who were called on by U. S. Attorney Daniel J. Gallagher at an open hearing today to "explain away, if possible, the conviction in the mind of the public that you are gouging them in the prices charged for food," said they could not reduce prices at this time. As a consequence the Federal attorney announced that he intended to find some way to give persons charging excessive prices a chance to satisfy a court and jury on their charges.

**THE Correspondence quotes President Taft as opposing the League to Enforce Peace in the present political campaign. A letter from Taft to Short on August 19, 1920, reads:**

"I am opposed even to a series of questions propounded by the League to Enforce Peace to Presidential candidates. Such questions cannot but take on a partisan attitude."

A carbon copy of an unsigned letter from Mr. Short's files, addressed to Taft under date of August 13, said:

"Personally, I find myself much inclined to agree with the League to Enforce Peace and under the impression that a good many of those who, like myself, have hitherto been Republicans, are likely to take the same course. Many others will support Harding—Prof. Irving Fisher's report furnishes considerable reason to believe that Harding will yield to pressure as the canvass goes forward, but his vacillations on principle do not commend him to me."

On August 7, 1920, Taft sent two letters to Short, one being a confidential note, which said:

"I am enclosing this with a more formal statement because I do not wish to threaten or reduce to a means of preventing action by the Executive Committee which the members of that committee are to think it wise to prepare to take, but if they conclude to take any action looking to the support of one party rather than the other in the campaign I wish to resign my position as president of the league. I feel that Harding is going to be elected, and that the only chance for the League with the Lodge reservation is through him and his success."

The more formal letter which accompanied the private note said in part:

"The one hope of securing the League with the Lodge reservation is through the Republican candidate. His statement has not been thoroughly satisfactory to me, but I still think that circumstances will require him to conform to his vote, twice recorded in favor of the League with the Lodge reservation, and he has said nothing in his acceptance speech which will prevent him coming to this solution of the difficulty which will confront him in an attempt to negotiate a peace, as he suggests in his acceptance speech."

LANDSLIDE FOR  
HARDING SURE.Louden Ascerts Republican  
Ticket Bound to Carry  
the Country.

(EXCLUSIVE DISPATCH)  
LEXINGTON (Ky.), Oct. 18.—It's a landslide for Harding and Coolidge; the Republican ticket will carry every State north of the Ohio and every Western State, with the possible exception of Montana," declared Gov. Louden of Illinois, who arrived here today to join the governors' special which began a speaking tour of Eastern Kentucky today.

Louden said he had been campaigning as far west as Denver and as far north as Duluth and he never saw such desire among the people for a change.

TAFT LEAGUE  
IS ATTACKED.

(Continued from First Page.)

the report states, on the ground they were personal.

"I am very logical and sound. How much better was Gov. Coolidge's speech of yesterday than that of Senator Harding."

Other correspondence shows that ex-President Taft threatened to resign from the presidency of the league if it took a partisan part in politics and reiterated his belief in the union method of bringing about the League with the Lodge reservation.

**GOMPERSS LETTER.**  
The Hunt report said that the League to Enforce Peace, organized by Samuel Gompers to 30,000 local unions, asking the union members to bring pressure to bear on Senators to have them vote for the League of Nations.

Other items of expenditure given by the union members to the "League to Enforce Peace" include the publication of advertisements in country and cities throughout the United States, one of \$2,582.25 and the other \$10,534.22, from the Western Newspaper Union.

Another letter from Marburg to Short, written by Theodore Marburg, 29, 1920, discussed an article on the League of Nations written by Hamilton Holt and advised that the article be reprinted in the type and style of a newspaper clipping.

"I strongly urge that the article in question be reprinted in the type and style of a newspaper clipping," that from the New York Times and sent to every delegate to the Democratic and Republican conventions before the meeting of the conventions.

The correspondence quotes President Taft as opposing the League to Enforce Peace in the present political campaign. A letter from Taft to Short on August 19, 1920, reads:

"I am opposed even to a series of questions propounded by the League to Enforce Peace to Presidential candidates. Such questions cannot but take on a partisan attitude."

The more formal letter which accompanied the private note said in part:

ROBBER CLEANS  
OUT SHOWMEN.Holds Up Kansas City Theater  
as Cash Being Counted  
and Escapes.

(BY A. P. NIGHT WIRE.)  
KANSAS CITY (Mo.), Oct. 18.—A masked bandit entered the office of a downtown motion-picture theater today while the manager was counting Sunday's receipts and forced him, at the point of a revolver, to hold up his hands and obtained \$1000.

As he was leaving, another theatrical official entered. He was forced to part with a ring valued at \$1200, \$150 in cash and two cashiers' checks totaling \$17,500.

MILLIONS IDLE;  
STRIKE RESULT.

(Continued from First Page.)

voked the strike as a means of distracting attention from the Irish question, and perhaps to enable him to hold a general election on an anti-labor platform.

"You will be pleased to know that our income for the month was substantially identical with the output, so that we are holding our own and have a bang balance at the end of the month of \$27,939.91."

**PRESS SERVICE.**  
In a letter to Taft under date of Dec. 10, 1919, Mr. Short asks the former President to endorse his work of "press service" which he describes as an organization of former associates of George Creel in the Bureau of Public Information during the war, "as additional guarantee of its purity of character."

The letter says, "I can say that Mr. Martin Eagan of J. P. Morgan & Co. is advising Mr. Thomas Lamont to lend his name and influence to it."

The letter further says that the press service spent \$17,532.74 from February to December, 1919, the money being obtained from the part by charitable disposed people who are interested in seeing the world go on.

A letter from Elith Root to Theodore Marburg and the note to which it was a reply are also a part of the correspondence. Marburg wrote on Jan. 5, 1920, saying:

"The most direct road to ratification of the treaty is the complete defeat of the political party which has suffered the loss of the Senate band to ride its neck."

Another letter from Marburg to Short, written by Theodore Marburg, 29, 1920, discussed an article on the League of Nations written by Hamilton Holt and advised that the article be reprinted in the type and style of a newspaper clipping.

"I strongly urge that the article in question be reprinted in the type and style of a newspaper clipping," that from the New York Times and sent to every delegate to the Democratic and Republican conventions before the meeting of the conventions.

On August 7, 1920, Taft sent two letters to Short, one being a confidential note, which said:

GERMAN SOCIALISTS SPEAK  
Country Has Two Revolutionary  
One is for Soviets.

(BY CABLE AND ASSOCIATED PRESS)

**HAILE (Germany) Oct. 17.**—Two distinct revolutionary parties pledged to the dictatorship of the proletariat, through an organization in opposition to Moscow—have developed out of the German Independent Socialists.

The left majority under the leadership of Daumier, Adolph Hoffmann and Otto Baer, the young leader of Rhineland labor, conferred today on the question of executing an agreement with Moscow for a world revolution and directed the district leaders to prepare for a strike.

**SEPARATE CONVENTION.**  
The minority, under the joint presidency of George Ledebour and Herr Crispian, in a separate convention, laid plans to communicate with the revolutionary forces in the United States and proceed to Moscow and prepare an organized campaign against Bolshevik methods. The proposed resolution of sympathy with Bolshevik aims, but expressing unalterable opposition to the policy of destruction and terrorism.

The two conventions adjourned, both on the day of the strike. The minority faction was defeated, 231 to 156, yesterday on the question of adhesion to the Third International.

In the majority session, which continued after the minority group left the hall, greetings on behalf of the Third Internationale were extended by M. Zinovietz, the soviet envoy to the gathering. He urged the conference to send a representative to the Communist international organization.

**AGAINST TERRORISM.**  
Before the adoption of the majority resolution, George Ledebour and Herr Ennsroeffel, Crispian and Dittmann offered a compromise resolution pledging the party to sympathy with soviet Russia, but declining to join an organization seeking to promote a world revolution through terror and destruction. This proposal, however, received scant consideration.

A party split leaves the Moscow adherents in control of twenty-one of the eight-one Reichstag deputies.

**Pay and Repay.**  
There is probably no advertiser in America with an appropriation adequate to the nation's opportunity.

The adequacy or inadequacy of an advertising appropriation has nothing to do with the resources of the would-be advertiser.

Wrigley spends a large amount for publicity sales, and last year, after taxes, this gum company made more than four million dollars profit.

John Doe, who may wish to compete with Wrigley, should reckon first on what should be appropriated for advertising, and second, on what he can appropriate.

Perhaps he can choose a limited sales territory and use some intensive methods—perhaps he may have more clever sales plans or perhaps he may be willing to wait longer for his return.

Whatever the necessities, start right by doing right in terms not of your ability but of the public's ability to repay for an advertising appropriation.

"I do regret very much the delay in ratifying the Versailles Treaty, but it is quite plain to me that the treaty never will be ratified unless the President is willing to permit the Democratic Senators to vote for the reservations regarding Article X, nor do I think it ought to be ratified without the League of Nations regarding that article."

## Cuba's Finances Are Discussed.

WASHINGTON, Oct. 18.—The financial situation in Cuba was discussed at the State Department today by Undersecretary of State Davis, Foreign Trade Adviser Wesley Frost, and representatives of ten American banks and nine sugar concerns.

**REPLY OF ROOT.**  
To this Mr. Root replied on Jan. 6, 1920:

"I do regret very much the delay in ratifying the Versailles Treaty, but it is quite plain to me that the treaty never will be ratified unless the President is willing to permit the Democratic Senators to vote for the reservations regarding Article X, nor do I think it ought to be ratified without the League of Nations regarding that article."

The point at which pressure will have to be applied if it is to be effective and bring about a ratification of the treaty is at the White House. Regarding this I feel quite helpless."

Today's session of the committee was largely devoted to examination of Edward F. Goltz, Democratic National committeeman from Missouri, in connection with rumors that he had paid the expenses of delegates to the Democratic State convention at San Francisco.

Goltz told of donating \$4128 and raising \$2 from friends to defray part of the expenses of a special train to the State convention. The money was paid to twenty-eight members of the St. Louis Democratic committee in checks for \$150 each, he said. He explained that he asked two friends for \$1 each so that he could tell the Democratic committeemen that the fund had been raised among local Democrats and they would not feel under obligation to him.

The witness and Senator Spencer, Republican of Missouri, clashed when the Senator insisted on questioning Goltz about expenditures from his campaign for election as national committeeman. The witness maintained that it was none of the committee's business what he spent in his personal campaign, but Senator Spencer insisted that Goltz's personal race was so bound up in the national election that it did come within the province of the committee. The witness finny his expenditures at "somewhere around \$2500."

Joseph Davis, St. Louis attorney, who managed the campaign for Goltz, later testified that the national committeeman had given him approximately \$4000 to spend in the campaign. A large part of Mr. Goltz's examination was devoted to his activity as attorney for the Hostetter's Bitters Company of Pittsburgh, in having the government retail taxes and penalties of \$162,000 assessed for filing alleged false tax returns. Mrs. Hostetter is Goltz's sister.

## HARDING REPLY TO PRESIDENT.

(Continued from First Page.)

can deeply friendly to France, expressing to me their understanding of sentiment in that friendly republic.

"It is not important enough to discuss, perhaps, but I very respectfully urge that an informal expression to me is rather more than that to a private citizen. I hold a place as a member of the Foreign Relations Committee of the United States Senate, which is charged with certain constitutional authority in dealing with foreign relations, and I am necessarily conscious that I am the nominee of the Republican party for President of our republic.

"In the combination of these two positions, it ought not to be unreasonably that some very devoted friends of a new and better relationship among nations, no matter whence they came, should wish to advise me relating to aspirations to co-operate with our own republic in attaining that high purpose. Let me assure you again of the observance of all the proprieties and again assert that the French government has maintained that great respect for your position, to which I myself subscribe.

"With great respect, I am, very truly,

"WARREN G. HARDING."

PLURAL NUMBER.

The President's letter had not purported to use the exact words of the Greenback speech, but had repeated a paraphrase in which "a representative" was used in place of the plural "representatives." The singular had been used in the transcript of the official stenographer as made public on the Senator's train in Indiana, the copy given to newspaper correspondents reading "France has sent her spokesmen to me."

"Senator Harding, in making public his letter, said he had not had occasion to revert to the stenographer's notes until the president's letter raised the point. He thought, however, that the notes and the transcript prepared on the train did not agree and that, although he had said 'her spokesmen' the public should know the truth.

"The letter of the President to Senator Harding follows:

October 18, 1920.

"My Dear Sir:

"In the New York Times of yesterday, Sunday, October 17, 1920, I find a statement to the effect that on October 16, which purports to report certain public utterances of yours. It occurs to me that it is a misstatement of the facts.

"Replying to criticisms of my proposal for an association of nations, I said that I was a member of the League of Nations, which is not a member of the League with a request that the United States lead the way to a world fraternity."

"The Department of State has always found the government of France most honorably mindful of its international obligations and punctiliously careful to observe all the proprieties of international intercourse. The President wrote that he hesitated 'to draw the inference to which I have referred unless I am assured by you that you actually made the statement.'"

"The letter of the President to Senator Harding follows:

COX CONTINUES  
TALK ON LEAGUE

Renews Assaults on Senator  
Harding's Attitude.

Declares Covenant is Inspired  
by Almighty.

Discusses Irish Question to  
Buffalo Audience.

(BY A. P. NIGHT WIRE.)

**BUFFALO, Oct. 18.**—Preaching  
his League of Nations gospel today  
in Northwestern, N. Y., Gov. Cox  
renewed assaults against Senator  
Harding for alleged wiggling and  
wobbling upon the League issue.

To six large audiences at Syra-  
cuse, Rochester and Buffalo and in  
two rear-platform addresses en route,  
the Democratic candidate carried his  
protest against the League, de-  
claring that it was "inspired by God"  
and "a pledge to American soldiers  
and mothers."

At the Broadway Auditorium and  
Genesee Hall here tonight Gov. Cox  
declared that Senator Harding had  
made a "slip" in stating that he had  
been approached unofficially by a  
French representative regarding a  
world fraternity.

"The French government," said  
Gov. Cox, "very promptly and prop-  
erly denies that there have been any  
official overtures of any kind. I  
want to ask Senator Harding—  
whether it is not true that the rep-  
resentative of France was not Mau-  
rice de Kobra of Paris. If this be  
true, and I have strong reasons for  
believing that it is . . . we have  
an instance of the kind of counsel  
he will seek in international affairs."

Gov. Cox said that De Kobra, a  
correspondent for the Paris La  
Liberte, and who recently traveled  
with the Governor before going to  
accompany Senator Harding, was an  
author and humorist.

"Senator Harding's slip occurred,"  
Gov. Cox continued, "in one of his  
back platform speeches. The re-  
straint imposed by the intellectual  
guard that has been with him for  
weeks was for the moment with-  
drawn. The statement comes from  
Marion that no more extensive  
speaking tour will be made. Ob-  
viously the Republican party insists  
upon being protected from the blun-  
ders of its candidate. The circum-  
stance creates the question  
as to what protection America can  
devise against 'Presidential blunders'

if Senator Harding should chance to  
be elected."

Gov. Cox reiterated that Senator  
Harding had taken thirteen variant  
League positions and the Democratic  
nominee predicted that the American  
people would not approve an attempt  
to "wriggle into the Presidency."

Gov. Cox asked whether, if elect-  
ed, Senator Harding, in carrying out  
his proposal for plural government  
would consult with the Johnson-Bor-  
ah or other groups.

That a storm of protest, a cyclone  
of protest from Republican men and  
women has followed Senator Hard-  
ing's Des Moines speech, was as-  
serted by Gov. Cox to all his audi-  
ences.

"They've followed him until they  
are dizzy and couldn't any more,"  
the Governor declared.

Repeating that he would accept  
any reservations not harmful to the  
League's basic principle, the Gov-  
ernor said the verdict November 2  
would be a people's mandate.

Election in New York of a Demo-  
cratic Senator who would support  
the League was asked by the Gov-  
ernor in all of his addresses. Here  
tonight he also urged re-election of  
Gov. Smith.

The Governor arrived here more  
than an hour late and was forced to  
cancel one address. While in  
Rochester he laid a wreath on the  
grave of Susan B. Anthony, woman  
suffrage pioneer.

Leaving here tonight, Gov. Cox  
will campaign in New Hampshire to-  
morrow.

Special reference to the Irish  
question was made tonight by Gov.  
Cox, who challenged Senator Hard-  
ing's position that it was not a mat-  
ter for official America.

The Democratic nominee asserted  
that his opponent "has voted against  
every proposal of self-determination  
in the Senate from the beginning of  
his service until now, including every  
proposal for the freedom of Ire-  
land."

"Senator Harding says that this is  
a domestic question," said the Gov-  
ernor, "that concerns Great Brit-  
ain and Great Britain alone. My  
judgment is that it has become a  
world tragedy. I call your attention  
to the fact that the English papers  
have been predicting Senator Hard-  
ing's election and that three days  
after he expressed himself against  
the interests of the Irish people,  
Rabriggan, Ireland, was burned to  
the ground by British soldiers."

The Governor was interrupted by  
the question:  
"How about the soldiers' bonus?"  
He reiterated that he favored giv-  
ing ex-service men a farm and a  
home from the government domain  
or the four-fold plan of the Ameri-  
can Legion.

Prolonged applause greeted the  
Governor's statements on the Irish  
question, especially when he de-  
clared that the situation in Ireland  
was "a war of extermination and  
the conscience of the world is begin-  
ning to revolt against it."

**Victrola for Xmas**  
**on the Platt Plan**

Choose the Victor Victrola you want from  
our present complete stock of all the latest  
models in all the wanted finishes.

\$1.00 paid now secures your Victrola for  
Christmas delivery. The instrument will be  
tagged with your name and reserved subject  
to your orders.

Then, the balance of the initial payment may  
be divided into small weekly payments, or it  
may be settled in full at your convenience prior  
to delivery.

The regular weekly or monthly payments to  
complete the purchase of your Victrola do not  
begin until after Christmas—or until after de-  
livery of the instrument.

The Platt Plan prevents last-minute disap-  
pointment for all who act now.

Mail Orders and Inquiries Receive Prompt Attention.

Ideal Heating  
Systems

## For Damp Days—

Wet, cold days inevitably bring need  
for warmth. The kiddies' health and  
the family comfort demand it. Our  
line of heaters is a varied one—  
everything to suit your needs.

**High Efficiency Gas Furnace**  
**The economical way of warming**  
**the entire house.**

Heat your home throughout, by the simple turning of the key. You need not even go to the basement. No  
smoke, dust, soot or ashes come from this durable furnace. It does away with the need for extra help. Volumes  
of warm, heated air is delivered into the rooms, fresh and odorless. No part of the gas passes through.

The High Efficiency Gas Furnace drives out dampness, at an expense which repeated tests have proved less than  
any other, available fuel. You only pay, too, for the heat as you use it. It heats instantaneously—and is easily  
cut off when no longer desired.

**"RADIANTFIRE"**  
**—The Straight-Ray Heater.**

The strong direct rays of the Radiantfire insures the max-  
imum of heat—the kind that comes from a deep bed of coals.  
It affords the quick, clean, economic heat that cold and  
rainy weather will make so necessary.

**ELECTRIC PORTABLE HEATERS**

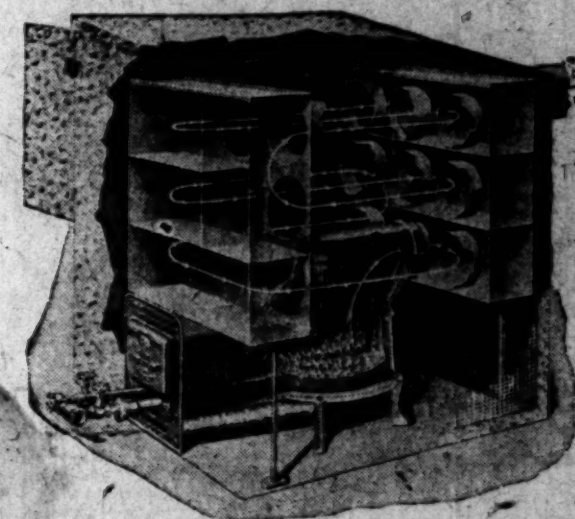

For the draughty corner, the baby's bath, or the damp room,  
you will always get a world of satisfaction from one of these  
convenient heaters. We have them in varied sizes, with  
prices ranging accordingly.

By getting your heating apparatus at BEACON Light Company, you can rest assured  
that you are being served by a store that boasts of quality goods. Our policy of square-  
dealing has insured us many customer-friends.

**THE JET SYSTEM GAS RADIATOR**

This is a safe, self-contained heating unit which beautifies  
any room. It is suitable for the large or small space, coming  
in three to five flue sizes, resembling the steam heating rad-  
iator.

**PORTABLE GAS HEATERS**

We have any number of styles in these handy stoves. They  
burn the carbon monoxide and maintain the proper air and  
gas mixture which insures their safety and healthiness for  
heating.

## This is What Matters

You are spending time and energy needlessly. You are washing baby's dainty dresses, tiny woollens and stockings yourself. When the surest and safest way to wash them is in BlueBird—the wonderful electric clothes washer that will wash the sheerest hand made dress without wear or tear.

Call tomorrow and see

**Blue Bird**  
ELECTRIC CLOTHES WASHER  
washing clothes

Of course you can "afford" BlueBird. The saving in the wear and tear on your clothes alone should more than take care of the small monthly payments.

Call us on the phone now and arrange for a free demonstration.

## CHARGES STING BANKERS' MEET.

Wrath Aroused by Comptroller's Assertions.

Denial is Made of Exorbitant Interest Rates.

Lack of Square Deal, Complaint of Ruralites.

(BY A. P. NIGHT WIRE.)  
WASHINGTON, Oct. 12.—Technical questions scheduled for discussion at the American Bankers' Association convention here were displaced in interest among delegates today by the controversy centering around charges of unjustifiable interest rates made against New York banks by Comptroller of the Currency Williams.

Officials of the association tried all day to avert the threatened storm, but it was stated after the day's sessions of the various convention groups that the Comptroller's charges would be considered by delegates for a reply to Mr. Williams' assertions. The charges made by the Comptroller will be considered by the committee on resolutions and later will be taken to the floor of the convention, it was said.

The public relations committee in a statement tonight, said:  
**CRITICISM ATTACK.**  
"The general expression among the visiting bankers was in criticism of the attack made by the Comptroller of the Currency, the majority of them pointing out that Mr. Williams did not give in his statement the amount of money loaned by the New York banks on call at the high rate of interest mentioned. The various bankers estimated the amount so loaned at from 1 to 2 per cent."

**MONEY A COMMODITY.**  
"They are inclined to class money as a commodity and point out that there has been less increase in the money rates than in any other commodity. It also was stated that the greater amount of money is being loaned at 6 to 7 1/2 per cent while the prevailing low rate prior to the increase in other commodities was from 5 to 6 per cent."  
Supporters of Mr. Williams among the bankers, however, said they expected to express themselves freely when the question reached the convention floor.

Rural bankers were represented as feeling that they had not had a square deal at the hands of some of the New York banks serving them as correspondents.

**FORMAL EXPRESSION.**  
Discussion of the Williams charges crept into the executive meetings of the various group sessions, but mention of the attack was not with an announcement that the subject was not one for any particular group to deal with and that preparations were being made to have the session express its views formally.

The insurance committee decided to take up the reasons for advances rates on burglary and hold-up policies. Companies writing such insurance increased their rates several months ago, without giving reasons for the advance, members of the committee declared.

Much interest was manifested during the day as to recommendations States formed last year with improvement of business ethics as its aim, opened its first convention here today.

Delegates were in attendance from San Francisco, Oakland, Richmond, Santa Barbara, Modesto, Long Beach, San Jose, Stockton, Bakersfield, Los Angeles and Salt Lake City.

to be made on Federal tax revision by the Economic Policy Commission. A plan of procedure was formulated by the commission, Waldo Newcomer, Baltimore, its chairman, announced, but he gave no details.

The commission is expected to draw up recommendations also as to transportation, farm credits, blue-sky legislation and the financing of big business.

**URGE ROAD PROGRAM.**  
A five-year Federal highway building program, involving with State funds, an aggregate expenditure of \$1,000,000,000 for the period, was urged in a resolution adopted tonight by the Agricultural Commission of the association.

The commission also appointed a committee to draft resolutions with respect to bank credit for agricultural interest. Representatives of agriculture were present to lay their grievances before the commission concerning lack of bank aid, of which they have complained in the last month. Joseph Hirsch, chairman of the commission, said the resolution should contain a complete summary of conditions confronting agricultural interests. If the bankers were friendly to the farmers they must back it up with help when the farmers need it, Mr. Hirsch said.

**Japs Gathering War Information from Populace.**  
(BY CARL AND ASSOCIATED PRESS.)  
TOKIO, Oct. 12.—As a result of the census taken October 1, the figures of which have not been announced, the Japanese government has been sending circulars throughout the country asking physicians, surgeons, dentists, pharmacists, tailors, blacksmiths and other tradesmen whether they would be willing to serve in the army in case of war.

**EXPENSES FOR MONTH NEARLY TWO BILLIONS.**  
WAR BILLS CONTINUE TO BE PAID BY GOVERNMENT AND TOTALS GO UP.  
(BY A. P. NIGHT WIRE.)  
WASHINGTON, Oct. 12.—Governmental expenditures for September amounted to more than \$1,544,000,000, while for the first three months of the fiscal year the total was over \$4,600,000,000, according to a statement issued today by the Treasury Department.

Disbursements to the railroads totaled \$175,758,410 for claims growing out of Federal control and payments made under the Transportation Act.

War Department expenditures amounted to \$128,589,077, including \$115,169,394 paid the Railroad Administration for transportation during the month. Payment of \$40,000,000 to the Shipping Board by the War Department was also shown.

**REPUBLICAN SEEKS TO QUIT FOR DEMOCRAT.**  
(BY A. P. NIGHT WIRE.)  
DUBLIN (Ga.) Oct. 12.—In a letter to C. P. Gore, chairman of the Republican State Committee for Georgia, G. H. Williams, Republican candidate for Senator in the State, asked to be permitted to withdraw from the race and that the State committee endorse the nomination of Mr. Watson on the ground that Watson is advocating many issues endorsed by the Republican party.

Mr. Williams asked that the State committee be called together to permit his withdrawal, indicate the nomination of Watson, and have the name of Mr. Watson placed on the regular Republican ticket with Harding and Coolidge.

**ESPIONAGE CONVICTION REVERSED BY COURT.**  
(BY A. P. NIGHT WIRE.)  
WASHINGTON, Oct. 12.—Upon government confession of error the Supreme Court today reversed the conviction of James A. Peterson of Minnesota for violation of the espionage law, and ordered retrial.

Peterson, who was sentenced to four years' imprisonment, was found guilty of publishing an article in a Minneapolis weekly newspaper derogatory to the United States Senate during his campaign against Senator Knute Nelson for the Republican nomination.

**TOO MANY COXES ON MINNESOTA BALLOT.**  
(BY A. P. NIGHT WIRE.)  
ST. PAUL, Oct. 12.—Howard Everett, Democratic State chairman, announced tonight that a petition would be filed in District Court tomorrow to have the name of W. W. Cox, industrial candidate for President, placed at the bottom of the Presidential ballot, instead of third, and following that of James M. Cox, Democratic candidate.

Mr. Everett said that the placing of the names immediately following each other on the ballot would cause confusion.

**ORDER DESTROYERS TO THE BLACK SEA.**  
(BY A. P. NIGHT WIRE.)  
WASHINGTON, Oct. 12.—Six destroyers have been ordered to the Black Sea by the Navy Department to relieve a squadron of Turkish waters under Rear-Admiral Bristol.

The destroyers relieved will join the Asiatic fleet. Those ordered to the Black Sea are the Williamsons, Childs, Reuben James, Sturtevant, McFarland and Sands.

**Army Planes Back from Alaska.**  
(BY A. P. NIGHT WIRE.)  
ERIE (Pa.) Oct. 12.—Four army airplanes on a trail-blazing expedition from Long Island to Nome, Alaska, landed here late this afternoon on the return journey. The planes will hop off the last leg Wednesday morning.

**Refuses to Steal; Is Killed.**  
COUNCIL BLUFFS (Iowa) Oct. 12.—Theodore Welsh, 7, is dead today, the victim of his playmates' assault, prompted according to the day's associates, by his refusal to steal popcorn from his mother to feed the "gang."

**Rheumatism Comes From Tiny Pain Germs**

First of all, get it firmly fixed in your mind that all the ailments and troubles that beset you in the world have no effect whatever on Rheumatism. Medical scientists differ as to the causes of every form of rheumatism, but agree that when caused by a tiny disease germ, the only effective method of treatment is to attack the disease at its source and cleanse the blood of its cause.

A very common form of Rheumatism is caused by millions of tiny disease germs which infect the blood. The one and only sensible treatment, therefore, is one which cleanses the blood of these germs, and routs them entirely out of the circulation.

This is why S.S.S., the greatest known blood purifier, is so successful in the treatment of Rheumatism. It is a powerful cleanser of the blood, and will remove the disease germs that cause your Rheumatism, affording relief that is genuine. S.S.S. is sold by all druggists. Free literature and medical advice can be had by writing to Chief Medical Adviser, S.S.S. Swift Laboratory, Atlanta, Ga.—[Advertisement.]

**MOST REMARKABLE MOST EFFICIENT MOST INEXPENSIVE**

Electric Clothes Washer is

BlueBird, backed by a manufacturer's years' experience and with a positive guarantee, has an honest claim to these honors. BlueBird is the most remarkable clothes washer ever perfected, because of its unquestionable mechanical superiority, the excellence of materials—steel and workmanship embodied in its construction.

BlueBird is the most efficient electric clothes washer because it will wash clothes in much less time than that taken by types of electric clothes washers.

Yet, bearing all this in mind, the BlueBird Electric Clothes Washer is the most inexpensive clothes washer of its type on the market.

## ALWAYS WAIT FOR OPEN DOOR.

Lines Interested in Union Depot Plans.

Strong Inducement, President of Road.

Pacific's Terminal Temporarily Now Barrier.

are not contemplating any line during the present of labor and material, a union terminal in Los Angeles would be a strong inducement to the future expansion of the line.

Los Angeles thirty years ago looking toward the Pacific. It is its natural outlet. But, as pointed out by Mr. Schumacher, the cost of securing separate terminals will be practically prohibitive, until the city adds another \$50,000 to its population. Each year the trouble and expense of securing terminal facilities gets greater and therefore becomes more discouraging to a railroad looking this way.

It would cost the Western Pacific as much to secure adequate separate terminal facilities here as to build the entire line from San Jose to Los Angeles.

Representatives of some of the lines looking toward this territory are not interested in the question of building a union terminal in Los Angeles. They are not interested in the question of building a union terminal in Los Angeles.

## GIRL SHOCKED AND SCALDED.

Electric Device Goes Wrong and Young Woman Falls Into Hot Water.

While massaging her body with an electric device yesterday, Miss Gertrude Brewer, 17 years of age, of 417 Lincoln avenue, Pasadena, received a double shock. The vibrator went wrong and as a result of the shock she received the girl pitched into a tub of extremely hot water, and because of the shock she received a physician.

and the El Paso and Southwestern are all looking toward Southern California. It is its natural outlet. But, as pointed out by Mr. Schumacher, the cost of securing separate terminals will be practically prohibitive, until the city adds another \$50,000 to its population. Each year the trouble and expense of securing terminal facilities gets greater and therefore becomes more discouraging to a railroad looking this way.

It would cost the Western Pacific as much to secure adequate separate terminal facilities here as to build the entire line from San Jose to Los Angeles.

## SHORTTRIDGE AT OUTDOOR RALLY.

He and Gov. Stephens Will be Porch Speakers Today.

Senatorial Candidate Senses Tide to G.O.P. Ranks.

Promises Tariff Aid; Closing of Door to Japs, Too.

Samuel M. Shortridge, Republican candidate for the United States Senate, figures this afternoon at the front-porch rally arranged in his honor at the home of Mrs. Clara Shortridge Foltz, 153 South Normandie avenue, at which will be present also some of the Republican notables of Southern California. Mr. Shortridge and Gov. Stephens arrived in Los Angeles yesterday to fulfill a two-day speaking program, the opening address of which was made at a Republican rally at Long Beach last night under the auspices of the Republican Club there.

Today's reception at the Foltz home will begin at 2 p.m. Edwin A. Mendenhall, who managed the campaign for A. J. Wallace in the primary, will be in the audience. Mr. Shortridge will include Congressman Osborne, Charles F. Van de Water, Republican candidate for Congress in the Ninth District, and Mrs. Florence Collins Porter, president of the Women's Republicans Study Club. Mrs. Constance Faltz will sing the "Star Spangled Banner." The meeting will be held in the public.

Mr. Shortridge expressed himself yesterday as highly pleased over the address given by Mr. Stephens in his victory in California on November 2. He is confident of his own success over Senator Phelps.

"I have found everywhere on my tour marked indications of an overwhelming Republican victory," he said. "In my addresses I have emphasized the great need for tariff legislation which will foster California industries and protect California farmers, growers and labor. I am pledged by the Republican platform to aid in the extension of farm credits and to foster the producers co-operative market associations."

"My opponent, now presiding this State in the Senate, is part of the present Democratic administration, which is endeavoring to destroy our farmers' organizations. I am and have been for twenty-five years associated with the California Farmers' Union, a national and international organization for the benefit of the nation and their dependents. I am for land settlement laws for soldiers and sailors who served in the World War."

"I rejoice in the adoption of the women's suffrage amendment and favor of a national eight-hour law for women. I took a stand for equal suffrage upon the occasion of the first visit to California of Miss Susan B. Anthony; dared the ridicule of the men and women of the period when I introduced Miss Anthony to her first San Francisco audience and endorsed her work. From that time I have been a supporter of women's suffrage."

PLEDGED TO RELIEF.

"To make my point clear in reference to the tariff, I want to say that the tariff is vital to Californians, many of whom see bankruptcy staring them in the face as the direct result of the existing Democratic tariff law if it remains unchanged. The tariff issue is vital to the citrus fruit growers, the grape growers, the raisin and fig industries, the walnut growers, the berry growers, the wool men, the butter and poultry

## RAIN STRANGE.

Oxnard reported .16 of an inch up to 6 p.m., and stated that the water in Santa Barbara county may suffer if the rain continues long. A small acreage of lima beans and sugar beets remains unharvested at Oxnard and may be damaged somewhat. The precipitation there is considerably below last season's record for this date.

A light shower at Riverside during the afternoon interlarded with Stephens' address at the County Fair. More showers were expected during the night. San Diego reported a slight drizzle beginning early in the afternoon, and hazing from some sections of the State during the past twenty-four hours. The United States Weather Bureau to

# The People and Their Daily Troubles

## Busiest Man in Town Operates One-Man Car.

LOS ANGELES, Oct. 17.—[To the Editor of The Times:] If you can review copy with one hand while you are scribbling editorials with the other and at the same time haul out the office boy with the north corner of your mouth while the south corner is purring conciliatory words to a hum actress who wants to know why her picture hasn't been in the paper and, incidentally, make your state of occupation complete by practicing the latest dance steps under cover of your desk, I would recommend that you forsake the pernicious profession of journalism and become operator of a one-man car.

To qualify for this precarious calling a person must be able to accomplish the following acts all at one and the same instant, and this while negotiating the mazes of downtown traffic: (1) operate the controller handle; (2) operate airbrake; (3) ring bell; (4) make change; (5) issue transfers; (6) give information as to routes and cars; (7) admonish patrons who have neglected to put their jitney in the little tin music box; and (8) crank the music box and sort the fares received into coin holder.

The other day I was careening down Spring street in one of these "mule" conveyances when, near Fifth, we came upon a metal truck sign that had been allowed directly onto the right-hand rail, by some passing truck. The combination motorman-conductor was engaged in making change and giving transfers to some half-dozen people that had embarked at Fourth street. He did not see the obstacle and whanged into it amidships with a terrific thud. Car No. 1024 still bears the mark of the impact, and I shudder to think of the result had that inanimate piece of metal been a bewildered old woman or a confused child.

To successfully operate one of these cars a man must be not only ambidextrous, but omniscient. There is no such creature in the sea and it is to be deplored that a great city should permit its populace to be endangered for the mere sake of reducing the car company's expenses. Next thing they will be equipping the cars with little hand dynamo and requiring the superhuman manipulator to generate his own "juice" or a sprocket and chain arrangement, a la bicycle, could be employed to dispense with electricity entirely. We, the public, are willing to pay increased rates for service, providing we get service.

If you would experience the latest of 1930 sensations, come with me for a morning trip from the Montecito district downtown. We hail a "one man" vehicle on Griffin avenue. The ace at the helm applies the brakes and the car comes to a shuddering stop, rearing up on its launchers far enough to display its one-track lineage. We stand ex-

## Making More Money

School Boys Manage Successful Retail Business, Pay Back Purchase Price and Now Own the Store.

IF YOU were to walk into the Leader, in Mt. Vernon, Ill., and inform a very young-looking young man behind the counter that you would like to speak to Mr. Carp, you would receive a smile of the most pleasant variety because of the fact that it is owned by three brothers who were its proprietors at the ages of thirteen, fourteen and nineteen, but because they have built up one of the most prosperous businesses of its kind in the Middle West.

The father of the Carp boys, himself a merchant, determined that his sons should make their own way in the world without any help from home. Accordingly, he gave them the opening in Mt. Vernon, he sent the trio there and financed the purchase of the Leader. The boys worked hard and, little by little, pulled themselves up and repaid the entire purchase price.

"Yes, it was hard work," declares Bernard Carp, the eldest of the brothers, who is only twenty-four now. "But we stuck at it and, by adopting a rigid cash-only policy, managed to secure enough money to pay off our debts. Then, by applying the business principles that Dad had taught us, we started upward again and there's no stopping us now. There's no miracle about our success, but there is a lot of hard work. In fact, we are so busy that we have never had time to settle the matter of who is 'Boss' Carp. Of the three of us, we all get a lot of fun out of the business and to a splendid dividend on the time and money invested."

As we leave the car we experience that "Grand and Glorious Feeling" that Brigs is always talking about and rejoice that we are still alive. We feel like shouting, "God Save the Queen and Crown the Car Company."

But such is life in a great city and I suppose that we should count ourselves fortunate to the evolution of transportation and endure the discomforts of the car company's tin limousine with the same attitude that our forefathers displayed toward the privations of the prairie schooner.

JAMES DE CAMP.

Left an Opening: "Opportunity is knocking at your door," said the optimist. "I hate the whole tribe of knockers!" growled the pessimist. "That being the case," said the optimist, preparing to duck, "it's quite obvious that you hate your self." —(Buffalo Express.)

## GASOLINE ALLEY—A LITTLE TRANSACTION ON THE CURB

## LETTERS TO "THE TIMES."

### Are We Savages?

ROSEMEAD, Oct. 15.—[To the Editor of The Times:] Just a few lines to describe a condition that existed for two or three days, at a point in Glendora, where the frightful accident occurred last Sunday afternoon that blotted out the lives of five people.

This occurred, as previously reported in your paper, at or about 4:30 p.m., October 10, when an automobile containing five passengers was struck by the Santa Fe fast overland going west.

The writer had occasion to pass the place in question, Monday following, and was certainly horrified to find strewn along the ties many vital parts of the remains of the unfortunate women of the party. Most conspicuous were two human hearts, in their entirety, resting on the ends of ties.

The writer left the scene, wondering what changes would continue without comment or action taken. But this is not all. Having to pass by this same place the following day, and still noticing quite a crowd there, I again ventured over the same ground as the day before. Now, remember, this was Tuesday, and over two days had elapsed since the fatality occurred. Imagine my

surprise when, the same sight revealed itself. There, as upon the previous day, rested the vital organs of those poor unfortunate, and the writer cannot say but that they still remain there. What is the matter. Has the time come to pass when men and women can be struck down on the highway, and parts of their remains left to be viewed by the public for days, without even the decency of being gathered together, and buried or put out of sight. What kind of local authorities have we in these one-cylinder towns, that allow conditions to exist. Then, again, what about the Santa Fe officials, or those locally in charge. All right, I suppose, to allow all subsequent trains to plow through the remnants of those killed, providing it was not any of their kind or clan. Whose duty was it, or is it to uphold the sacredness of the dead, and the decency of the living? It seems to the writer a case of savagery, and looks as if the refined things of our lives, and the beauties of our love and feelings for the poor and unfortunate, are relegated to the past.

J. D. ROBERTS.

### Suggestive Titles.

LONG BEACH, Oct. 14.—[To the Editor of The Times:] Far be it from me to go outside the holy rostrum of the church to preach, but I am moved to thunder forth my views on certain subjects when I behold the insidious workings of the devil to pull down the adoring ladies, but women are not the multitude of reformers who, by

their combined efforts, have made this the greatest era of reformation in the history of mankind.

In this instance I am referring particularly to a certain feature of the theatrical business, to wit: the suggestive names given to musical and other comedies. This nomenclature brings to the attention of men, women and children the frivolous and irresponsible attitude of producers toward some of the most holy things in our social life.

In order to make my point clear I have but to mention four or five of the supposedly brilliant titles bestowed upon as many pieces of the crudities of which are flared forth in large type and appropriate pictures on billboards. Each manager apparently tries to outdo the other in concocting downright lascivious captions with which to lure sensation-mongers to his playhouse. I will close by mentioning quite at random a list of titles, and leave the reader to gather his own conclusions:

"Good Gracious, Annabelle!"

"Stop It," "Wait Till We Are Married!" "Naughty, Naughty!"

RT. REV. DOMINICK O'HOOOLA-MAN.

### What Can We Expect?

LOS ANGELES, Oct. 14.—[To the Editor of The Times:] A plain, old-fashioned reader of your paper would like a little information. First, why is it that men are prohibited from smoking in the street cars or railway coaches, theaters, etc., where there are ladies, but women are not? A few days ago I went to one of the

best show houses in Los Angeles for a few hours of entertainment and paid as much for my seat as any one else.

During the intermission I visited the rest room, where I found two of the most common looking women I would ever meet smoking a cigarette. They were literally smoking a cigarette, as they seemed to have only one between them and took turns pulling at it and then rubbing their teeth with something. I presume to take the scent of it off their breath.

Now, to me and to thousands of other women who have not acquired the vile habit of cigarette smoking and do not intend to, a cigarette smoked by a woman is just as nauseating and offensive as if it were smoked by a man. We avoid that class of women as much as possible, but it does seem to me that if the theatrical managers are going to allow that sort of thing, they should set apart a room for those women to retire to whom they get so nervous they have to go out between acts and take a pull or two. Here is another thing that puzzles me. I have just read an article by "Viscountess Astor of London, Eng., in which she urges the women voters in America to try to do away with the double standard of morality for men and women. Ye gods! Does she stop to compare the young mothers of today with the women of two generations ago when votes for women were scarcely even heard of? Does not the sight of a young mother with a nursing babe at her breast smoking a cigarette give women poli-

ticians no food for thought? Can any one expect a good-looking, cigarette-smoking woman to where there will be no standard for men and women appears to me that women have fallen to the level of the standard of the man, and even lower, so that they self-admits in her own woman's dress.

What can we look for in the generation?

MRS. FRANCIS CANNON.

### ON SPEED CHAIRS

Two Youthful Assassins Arrested; Both to be Hanged.

James H. Conant, 15 years old, 2981 West Eighth street, Los Angeles, 14 years of age, 1000 North Broadway, was arrested yesterday and charged with the reckless driving. Both were in custody of their parents, have to appear in Juvenile Court tomorrow. Conant, according to reports, was arrested while driving a speed on South Broadway. He was found to have a license, but was charged with driving without a license. Popple, who was charged with a warrant, is charged with operating an automobile on a public street at a high speed and with having driven on a street car.

# Today's Magnetic Values—at Barker Bros.

## Release for Women who Suffer

The multitude of American women who suffer terribly day after day and year after year from ills peculiar to their sex is almost beyond belief—yet there is hardly a town or hamlet in the United States wherein some woman, and often many, do not reside who have been restored to health from some of the worst forms of female ills, and often avoided operations by taking Lydia E. Pinkham's Vegetable Compound.

### These Two Women Tell of Their Experience.

Carrollton, Ky.—"I suffered almost two years with female weakness. I could not walk any distance, ride or take any exercise at all without resting. I swept the floor or did any kind of work it would bring my sickness on. I was weak and languid, had no energy, and life was a misery to me. I was under the care of a good physician for several months and tried other remedies. I had read of Lydia E. Pinkham's Vegetable Compound and decided to try it. After taking twelve bottles I found myself much improved and I took six more. I have never had any more trouble in that respect since. I have done all kinds of work and at present am an attendant at a State Hospital and am feeling fine. I shall always recommend your Vegetable Compound."—LILLIAN W. HARR, 824 South 6th Street, Carrollton, Ky.

## SOCIETY.

BY VIRGINIA WOODS.

### Betrothal of Wide Interest.

Of wide interest in Southern California society, is the betrothal of Miss Mary Seymour Warren of La Jolla and Lee Borden Milbank, son of Mr. and Mrs. Isaac Milbank of Country Club Drive, Los Angeles. The news was told by Miss Warren's mother, Mrs. Lansing Warren of La Jolla, at a small luncheon given yesterday by Miss Virginia Turner of 6630 Whitley Place, Hollywood.

Miss Warren is one of the popular debutantes at La Jolla and San Diego, and Mr. Milbank is one of the prominent men in the younger set here, and has been a student at the University of California. He is a nephew of Mrs. John B. Miller of Pasadena.

### For Mrs. Locke.

Mrs. Kate Greenleaf Locke of Pasadena, who spent the summer in the East, visiting part of the time with her son in New Jersey, is expected home today. She stopped en route in Chicago and was last Saturday evening guest of honor at a dinner and dancing party given by Mr. and Mrs. Milbank at the Blackstone Hotel. The affair was arranged as a surprise to Mrs. Locke. Mr. and Mrs. Harrison will be home early next month.

### By Mrs. McCarthy.

Mrs. E. Avery McCarthy is to provide hospitality on Sunday afternoon next for a group of friends, who are invited to meet, Mrs. James McLaughlin and her lovely young daughter, Miss Cornelia McLaughlin, who have just arrived from New York to spend the winter here.

Mrs. McLaughlin will be remembered as Nellie Cole, daughter of former Senator Cornelius Cole, and is sure to be warmly welcomed. She is domiciled in the new home built by her sister, Mrs. Emma Cole Brown on El Centro avenue, Hollywood.

### Theater and Dinner.

Mr. and Mrs. H. Emery of New York, last evening were dinner hosts, taking their company later to see the splendid performance of "Way Down East." With them were Mr. and Mrs. Variel Thomsen, Mr. and Mrs. Edwin Smith and Miss Ella Williamson and John Williamson.

### Back From China.

Mr. and Mrs. George B. Campbell, (Mrs. Baker) have just arrived from Tientsin, China, where their wedding was one of the society events of late spring. They are visiting Mrs. Campbell's parents, Mr. and Mrs. D. L. Baker of Pasadena, until next month, when they are to leave for New York. Upon their return to California in December, Mrs. Campbell is to be the motif for much entertaining. Mr. Campbell is associated with the Standard Oil Co. in China, and they will be going back early in the new year.

### Mr. and Mrs. Culver.

Mr. and Mrs. Allen M. Culver of 2801 Menlo avenue were hosts at a dinner for Mrs. Madison S. Leffingwell. Other guests were Mrs. James Sheldon Riley, Mrs. Appa Leffingwell, W. S. Kessler, and Mr. and Mrs. J. T. Able. Mr. Kessler has just arrived here from Jackson, Mich., to spend the winter.

### Mr. and Mrs. Clark.

Mr. and Mrs. Wesley Clark are expected home today, after a motor trip to Del Monte and San Francisco.

### Mr. and Mrs. Russell Home.

Mr. and Mrs. John Henry Russell, (Amy Requa) are back in town after a six weeks' visit with her parents, Mr. and Mrs. Mark Requa, at their summer cottage on Long Island. They are at their new home on Western avenue. Mr. and Mrs. John Newton Russell have also just returned home from a visit in San Francisco.

### Mr. and Mrs. Storrow.

That was a smart tea at which Mr. and Mrs. Samuel B. Storrow were hosts on Sunday, at their home in Pasadena. One hundred guests were there, including numerous navy folk and visiting celebrities.

### Mr. and Mrs. Brunswig.

Mr. and Mrs. Lucien N. Brunswig and charming daughter, Miss Marguerite Brunswig, who have been in San Francisco the past month, enjoying many festivities in their honor, returned home last evening.

### Miss Graham.

Mrs. William Miller Graham of Montecito, who has been visiting in New York, Washington and Oklahoma, is expected here in a week or ten days to join her young daughter, Miss Geraldine Graham, who is visiting her grandparents, Mr. and Mrs. Thomas Pollock, in Hollywood. Mrs. Graham will be here several days, and then she and her daughter will return to their home.

### Halloween Supper-Dance.

Misses Isabel and Cathryn Childs are planning a buffet supper-dance on Halloween night at the home of their parents, Mr. and Mrs. Daniel Childs, at 2227 South Hobart, Boulevard. There are to be fifty guests.

### Bigging-Jennings.

The Holy Cross Church was the scene of a pretty wedding, when Miss Rita Julia Bigging of this city, became the bride of Leo B. Jennings of Loma Linda, Cal. Rev. M. C. Gorman read the ceremony, after which a breakfast was served at the home of the bride's sister, Mrs. Anthony Connolly. The couple left for a honeymoon trip to San Francisco.

### Personals.

Miss Dorothy Owens, an attractive San Francisco girl is visiting friends in Los Angeles and Pasadena.

A motor party to Santa Barbara includes Mrs. J. Gerber, Miss Gerber, C. P. Binder, Mrs. M. S. Meyerberg, L. J. Meyerberg, and Miss Elizabeth Sherwood.

Mr. and Mrs. Hicknell Young of Chicago, are here for the winter. Demitted at the Hotel Alexandria. Mr. and Mrs. Frank C. Curran have returned from a visit in Bakersfield and were accompanied home by Mr. and Mrs. Curran, who spent the week-end with them.

Miss L. M. Woodward of Pine Hills Lodge, San Diego county, has been a visitor here.

# Now that you're here—

—with California's bewilderment of charm on every hand—

You more than ever wish to choose the very spot where you'll be happiest.

First—look around.

One swift, delightful afternoon by rail or motor, through orange groves and along the ocean beach, will bring you to San Diego, Southern California's sparkling city by the sea. Or you may go by steamer.

No other city is like it.

Miles of attractive homes, rose garlanded all year, are built around the third largest park in America, in the heart of the city,—a wilderness of beauty, with its universal invitation to an hour of music any day in the year on the famous out-of-door pipe organ.

Motoring, golf, sea bathing, beach suppers, launch parties, the social life of 90,000 hospitable residents are the more enjoyed because all the days are those of Spring.

It's worth your while—this

San Diego visit. Point Loma, with its wonderful panorama of Coronado peninsula, the ocean, bay and mountains; the hundreds of miles of splendid boulevards along the seashore or through upland valleys and mountain passes, Ramona's Marriage Place and the oldest of the California Missions,—all present opportunities for delightful and interesting hours and days.

Hotel accommodations are ample, modern and reasonable, and there's a new adventure in happiness for each new day at

**W. P. HUPP, of Akron, Ohio,** who says he would not take one thousand dollars for the good Tanlac has done him. Declares his health has been fully restored and that he has gained over 20 pounds.

"I would not take one thousand dollars for the good Tanlac did me," said W. P. Hupp, 533 Camden St., Akron, Ohio, for the past ten years a valued employee with the Firestone Tire and Rubber Co.

"I will always owe a great debt of gratitude to Tanlac," he said, "because it restored my health completely after everything else failed, and I have gained over twenty pounds. I can now eat better, sleep better and work better and I feel like a brand-new man."

"Before taking Tanlac I suffered night and day from indigestion and my stomach was terribly disordered. I was nervous and weak and could neither eat nor sleep to do any good. I seemed to be going down hill every day for six years. Finally, my condition became so bad that I lost one or two days from work every week. But, now since my troubles have been overcome, I can hold my own with any man at the plant, and often after working hard all day, I put in overtime at night and feel some of the worst from it. I just seem to be full of new life and energy."

"After seeing the good Tanlac did me, my wife began taking the medicine and now she says she feels better than she has in years."

"Tanlac certainly beats anything I ever saw in my life."

Tanlac is sold in Los Angeles, Pasadena and San Diego by the Owl Drug Stores.—Advertisement.

## TOURISTS COME BY THOUSANDS.

**Canadians Flee From Fury of Northern Winter.**

**Find Relic of Prehistoric Indians.**

**Pasadena May Enlarge Auto Camp Facilities.**

(LOCAL CORRESPONDENCE.)

PASADENA, Oct. 18.—Ten thousand Canadians have already made reservations to come to California this winter, declared H. M. Nicholson, manager of a local hotel today. Mr. Nicholson said this information came to him from an official of one of the great railroad systems who is in touch with Pullman bookings all over the country. The same official predicted heavy travel here this winter from the eastern and mid-western sections of the United States.

**AZTEC TOURIST RELIC?**

Finding on Raymond hill of a clay image apparently of great age and made from hardened adobe mud by it is supposed, ancient aboriginal craftsmen, has led to the query, did the cliff dwellers of years ago come from the high plateaus of Arizona and New Mexico to spend their winters in Pasadena? Mexican laborers unearthed the relic when digging in the hill near the Raymond Hotel golf course. The image bears the characteristic early Indian cast of countenance as revealed by the discoveries of Fred Harvey and other archaeologists. The relic will be shown to local archaeologists, for their opinions as to the age and origin of the find.

**MORE CAMPING FACILITIES.**

More camping facilities for auto tourists at Brookside Park will be considered by the City Commission tomorrow. Additional sanitary arrangements will be among the improvements considered. Park Superintendent Jacob Albrecht has just returned from a trip north to get ideas for improving the camp grounds. Recently there were 200 persons, all motor travelers, encamped on the local grounds at one time.

**NEW RESERVOIR PROPOSED.**

A new dam and reservoir to store water for Pasadena's use in Eaton Canyon has been proposed to the City Commission as one solution of the necessity for enlarging the city's water supply. The plan will be investigated by city officials shortly.

**AT VISTA DEL ARROYO.**

Harry Comstock, one of the owners of Brookside's, at Lake Tahoe, has been appointed office manager at the Hotel Vista del Arroyo by Manager A. J. Berthoulet and S. W. Royce. The office is a new one, made necessary by the rebuilding and enlarging of the hotel property this season.

There's a hint of sophistication in the reply of a youngster to the question regarding his auntie's age. "I don't know how old she is," he said, "but a cup of tea rests her."—(Boston Transcript.)

## NOTE WAS A BLUFF.

**Angered Husband Plays Frank on Wife.**

(LOCAL CORRESPONDENCE.)

VENICE, Oct. 18.—That F. W. Thomas, who left a note for his bride of two months at the end of the Venice Pier, declaring that he was "going to the great beyond" to "try again" was trying to punish his wife by frightening her, is the belief of police here today. Thomas was located in Whittier this afternoon. Mrs. Thomas said that she and her husband had quarreled Friday and that he had left and she had not seen him again.

The note, an employee of the Standard Oil Company at 221 Second.

## RANCHER TO FACE SUPERIOR COURT.

(EXCLUSIVE DISPATCH.)

FULLERTON, Oct. 18.—H. Berger, well-known rancher of South-east Fullerton, was arraigned before D. W. Hanson, justice of the peace at Buena Park, this morning, on a felony charge, it being alleged that he mistreated Dorothy Murhead, aged 16. Her mother caused the complaint to be issued.

Berger was held to the Superior Court in bonds of \$1000. Mrs. Murhead has been housekeeper for Berger and the daughter made her home at the Berger residence.

**BIG FIRE DAMAGE.**

A fire loss of from \$5000 to \$6000 was caused last night when a lemon packing house in Maryland Heights,

## MILLION-DOLLAR BUSINESS BLOCK.

**Woolworth Company Gets Valuable San Diego Lease.**

**Fire Damages Big Lemon Packing Plant.**

**New York Girl Files Charges Against Naval Officer.**

(EXCLUSIVE DISPATCH.)

SAN DIEGO, Oct. 18.—The F. W. Woolworth Company has secured a lease for fifty years on the Gilbert property, now occupied by the Postal Telegraph office and other business houses to erect a large business block.

The lease is to begin July, 1932 and a building to cost not less than \$1,250,000 is to be erected within a year from date according to the contract. Dr. A. H. Gilbert, Miss Gertrude and Miss Gilbert own the property. It is stated by the Woolworth management that efforts to secure short leases on the property a year earlier are being made. A large two-story building will probably be erected.

## HUSBAND MISSING.

**Santa Ana Woman Seeks Aid of Officers.**

(EXCLUSIVE DISPATCH.)

SANTA ANA, Oct. 18.—Fearing that something has happened to him, Mrs. Charles S. Tracy of 1114 West Sixth street, today appealed to officers here for help in locating her husband, who disappeared yesterday. He had seemed unbalanced mentally for the last few days. Mrs. Tracy told the police, Tracy has dark blue eyes, weighs 150 pounds, is 5 feet 11 1/2 inches tall, and has a dove tattoo mark on his left hand. At the time of his disappearance he wore blue overalls, a sleeveless brown sweater, gray shirt, army hat and brown shoes. He carried, it is said, a .45 caliber revolver.

## VISIT POMONA.

(EXCLUSIVE DISPATCH.)

POMONA, Oct. 18.—Four hundred members of the Laundrymen's National Association, on their way home from the annual convention, which has just been held at San Francisco, will visit Pomona, Tuesday afternoon and will be guests of the city. They will motor from Los Angeles, will be met at the Foothill Boulevard by a committee of local laundrymen and representatives of the city and will be escorted to Ganesha Park, where an informal reception and program will be held. The visiting laundrymen, from all parts of the country will arrive here at 2:15 o'clock. From here they will go to Riverside.

## Wonder What the Winner of a Beauty Contest Thinks About? - By BRIGGS.

I THINK I LOOK SO ROMANTIC OR REGAL OR SOMETHING LIKE THIS ONE. IT IS SO SOULFUL

I LIKE MY EYES IN THIS ONE. THIS IS REALLY A SNAPSHOT. I THINK SNAPSHOTS ARE OFTEN MUCH BETTER THAN POSING PICTURES BECAUSE THEY ARE SO UNAFFECTED. DON'T YOU AGREE?

THIS IS ONE OF MY FAVORITE IDEAS BECAUSE IT IS SO SIMPLE. I CALL IT "BETTY" JUST THE SWEET STENOGRAPHER TYPE

I'M SURE YOU'LL FIND BEAUTY AND THE WORKING GIRLS. THIS POSE IS AWFULLY STUNNING - ISN'T IT WONDERFUL HOW A CHANGE OF HAIR WILL CHANGE ONE'S APPEARANCE SO COMPLETELY.

THIS IS ANOTHER SNAPSHOT TAKEN LAST WINTER. DON'T YOU THINK IT FETTERING. I DIDN'T KNOW IT WAS BEING TAKEN AND THAT I THINK IS THE SECRET OF PHOTOGRAPHY

THIS I CALL "SPIRIT OF THE GREAT WEST." IT'S SO VIVID AND SWINGING

I DON'T THINK THIS IS A BIT LIKE ME. IT IS TOO SAD LOOKING. JUST AN ART STUDY OF MY FEATURES

I HAD MY HAIR UP IN THIS AND IT GIVES ME SUCH A SOPHISTICATED LOOK. ADVENTURE TYPE. IT IS ENTITLED "THE SPINNING GOSH I'M BEAUTIFUL"

### THE GUMPS—TENANT VS. LANDLORD

ARE YOU GOING OVER AND SEE THAT AGENT THIS MORNING?

YES - I'M GOING OVER RIGHT NOW

WHEN I GET THROUGH TALKING THAT OLD SIMON LE GREE WILL LOOK LIKE LAST SUNDAY'S PAPER

HELLO SANTA CLAUDE - I JUST CAME OVER TO SEE YOU ON BEHEND KNEE NOT TO SPEND SO MUCH DOUGH ON MY APARTMENT THIS FALL - IF YOU DON'T GET OVER THERE SOON AND FIX THAT PLAT 'UP I'LL FIX IT MYSELF AND TAKE IT OUT OF THE RENT

I TOLD YOUR WIFE OVER THE TELEPHONE WE CAN'T AFFORD TO DO ANY DECORATING

YOU KNOW THAT SHYLOCK WAS A SPENDTHRIFT ALONGSIDE OF YOU - YOU WANT TO MAKE 25% ON YOUR INVESTMENT AND CAN'T AFFORD TO DO ANY CLEANING - I'D JUST LIKE TO GET FOUR MORE AGENTS AND YOU AND OPEN A SHOOTING GALLERY - YOU DECORATE OR I'LL BE WEARING YOUR VISH-BONE FOR A SCARF-TIN

UDNEY SMITH

## The Indian Summer Has Gone to Jeff's Head - By BUD FISHER.

IT'S FUNNY A MAN OF MY INTELLIGENCE NEVER THOUGHT OF THIS BEFORE! THIS IDEA WILL SAVE ME A LOT OF TIME IN THE MORNINGS!

AFTER THIS I WON'T HAVE TO FUSS ABOUT COOKING MY BREAKFAST!

WHAT ARE YOU DOING WITH THAT BOILING WATER, JEFF?

IT'S JUST A HAPPY IDEA OF MINE, MUTT!

FROM NOW ON I'M GONNA MAKE MY HEN LAY BOILED EGGS!

YOU POOR SAPI!

## FIRE BIG GUNS.

**Artillery Practice is on at Fort MacArthur.**

(LOCAL CORRESPONDENCE.)

LOS ANGELES HARBOR, Oct. 18.—Practice firing of the coast defense land batteries at Fort MacArthur, took place this morning from 10 a.m. till 12. It was the annual practice firing and will be conducted at the same hours, again tomorrow.

Both the 14-inch rifles and the 12-inch mortars were used in the practice, the target being towed at a speed of seven knots an hour, at a distance from the guns of 12,000 yards.

Two balloons from the Arcadia Balloon School were used to spot the firing, it being understood that an especially good score was made. The announcement of the accuracy of the firing will be made after the practice is completed.

Two hundred men were here from the balloon school.

## DYNAMITE.

**Boy Drops Can in Los Angeles.**

(EXCLUSIVE DISPATCH.)

LOS ANGELES, Oct. 18.—A boy, 11 years old, dropped a can of dynamite into a hole in the sidewalk in Los Angeles, this morning. The can was thrown into a hole in the sidewalk in the city of Los Angeles. The boy was running and the can fell into a hole in the sidewalk. The can was dynamite and it was a very dangerous situation.

# East and Midwest Elevens in Hard Contests This Week.

## CRUCIAL GAMES OF THE SEASON.

**Cornell Seeking Revenge on Colgate Outfit.**

**Harvard Plays the Dangerous Centre Eleven.**

**Midwest Situation Should be Cleared Saturday.**

**THE LAST PLACE TO CLOSE**  
**VERNON**  
Dancing and Cabaret EVERY NITE.  
—a quick trip to—  
**TIJUANA**  
Dancing and Cabaret EVERY NITE.

has had a thorough opportunity to test all of the material available for Cornell football this year, the squad is passing into another stage of the season's development, that of preparation for the more important games of the schedule. The first of these comes next Saturday when Colgate, which for years has been one of Cornell's worst opponents, and last year overcame the Ithacaans, will come to Schoellkopf Field. After Colgate, Rutgers will be seen here, and then the Cornellians will go to New York to battle with Dartmouth on the Polo Grounds, on November 4.

Confidence in Coach Dobie and the team grows apace as the eleven shows continued improvement from week to week, and it is no exaggeration to say that Cornellians are looking forward with confidence to a successful season. In recent weeks the team has come nicely showing a scoring power that is gratifying, based on sharp, hard hitting, running attack by a backfield that looks better in every game, and an improved line and end play. Crude playing is still observable, but that was to be expected because the majority of the squad was made up of inexperienced players. But that a well-balanced, fast and intelligently handled eleven is rapidly coming into being here, there is no longer ground for doubt.

Harvard's first real test of the season will come next Saturday, when the Crimson warriors will meet the Centre College Invincibles, who moved down everything they met last season and seem to be on their way to do the same this year. The Centre team last week walked all over Transylvania, 55 to 0, while Harvard scored a rather easy victory over Williams. Practically every member of Centre's remarkable team of last season is on the job again this year.

Princeton is being picked by many to spring a genuine surprise this season. Last year, for the first time in a number of seasons, the Tigers came to life after a string of defeats, and succeeded in walloping Yale and playing a hard-fought tie with Harvard. "This season the early defeats have been eliminated.

## BENNY OUTSTEPS JOHNNY TILMAN.

(BY A. F. NIGHT WIRE.)  
AKRON (O.) Oct. 18.—Benny Leonard, lightweight champion, outpointed Johnny Tilman, St. Paul welterweight, in a ten round bout tonight. The men entered the ring at catchweights. Tilman was aggressive but Leonard was too fast and clever, critics said.

Washington and Lee, the dashing southern eleven being snowed under, 34 to 6. The Tigers have a strong outfit, combining straight football ability with the sensational stuff.

The big "outlaw" teams, excluded from the holy three, all show splendid strength this year. State, Penn State, Pittsburgh, Pennsylvania and Washington and Jefferson are moving down their opponents with monotonous regularity while Brown and Dartmouth, old-time rivals, are doing likewise. The only one of the former sure-death elevens to slip so far this year is the Colgate outfit, which took a two touchdown defeat from Brown last Saturday.

In the Middle West everyone is wondering how the Illinois-Michigan game is going to come out next Saturday. Coach Zuppke has a splendid team to defend the title won by the Illinois last year and trimmed the strong Iowa aggregation handily last week. Yost's team, after a disastrous season in 1934, is showing signs of the old Michigan power. The return of Tad Wieman of Los Angeles, and a big bunch of men who were ineligible last year, among them Stokete, an all-American fullback, has greatly strengthened the Ann Arborites.

The record number of roses produced by one tree at a time is 6000. This remarkable number was borne by a tree on a rose-growing estate in Holland.

## SOCCERITES TO GET UNDER WAY

**Play Opening Round of Schedule Next Sunday.**

**Association Adds Two New Elevens to the Roster.**

**Teams Strengthened by Acquisition of New Members.**

The opening round of the Southern California Soccer Association Schedule will be waged next Sunday with the Long Beach Gordons meeting the Sons of St. George, Overseas tackling Long Beach United, Pasadena the Los Angeles Uniteds and Santa Monica the Los Angeles Athletic Club.

New members of the league this year are the Pasadena and Long Beach United elevens. Both are considered strong aggregations, and in the few practice games in which they have participated have displayed a high-class brand of football. Last year's teams have also been strengthened, and the followers of soccer may be assured of better contested games this year.

ADD NEW ONES.  
The L.A.A.C. eleven, runners-up last year, have a strong combination which has been considerably bolstered up by the addition of new members. One of the latest of these is Jack Parry, a fairly footed member of the Illinois team.

The Los Angeles Uniteds have previously the same line-up which won for them last year's championship. Their work is clean, aggressive and finished. Santa Monica, which had a very lean time in 1934, does not intend to repeat, and new players with reputations have been added to the roster.

## STILL BUILDING.

The Sons of St. George have not yet completed their team building, but in keeping with past performance, will undoubtedly prove formidable opponents. The Overseas Club proved worthy opponents last year, and promises to justify its inclusion in the league by making all rivals step faster in the scramble for points.

Under a recent ruling clubs are limited to a playing membership of fifteen. This will tend to strengthen all clubs by putting a ban on the gobbling up of all stars by one aggregation.

The association is in need of capable referees and anyone fitted to act in this capacity has been requested to get in touch with the secretary of the league, A. S. Cowie, 314 South Hope street.

QUITE A SCHEDULE.  
Following is the league schedule, games to be played on grounds of the first named club:

OCTOBER 20.  
Long Beach Gordons vs. Sons of St. George.  
Pasadena vs. Long Beach United.  
Santa Monica vs. L. A. Athletic Club.  
OCTOBER 21.  
Long Beach Gordons vs. Long Beach United.  
Pasadena vs. Sons of St. George.  
Santa Monica vs. Overland.  
NOVEMBER 7.  
Sons of St. George vs. Overland.  
Long Beach Gordons vs. Pasadena.  
Pasadena vs. Santa Monica.  
Santa Monica vs. Long Beach United.  
NOVEMBER 14.  
Long Beach Gordons vs. Overland.  
Sons of St. George vs. Long Beach United.  
Pasadena vs. L. A. Athletic Club.  
Santa Monica vs. Overland.  
NOVEMBER 21.  
Long Beach Gordons vs. Overland.  
Sons of St. George vs. Long Beach United.  
Pasadena vs. L. A. Athletic Club.  
Santa Monica vs. Overland.  
DECEMBER 4.  
Sons of St. George vs. Overland.  
Long Beach Gordons vs. Pasadena.  
Pasadena vs. Santa Monica.  
Santa Monica vs. Long Beach United.

"Right here, too, in gay little old L. A. Imagine it!

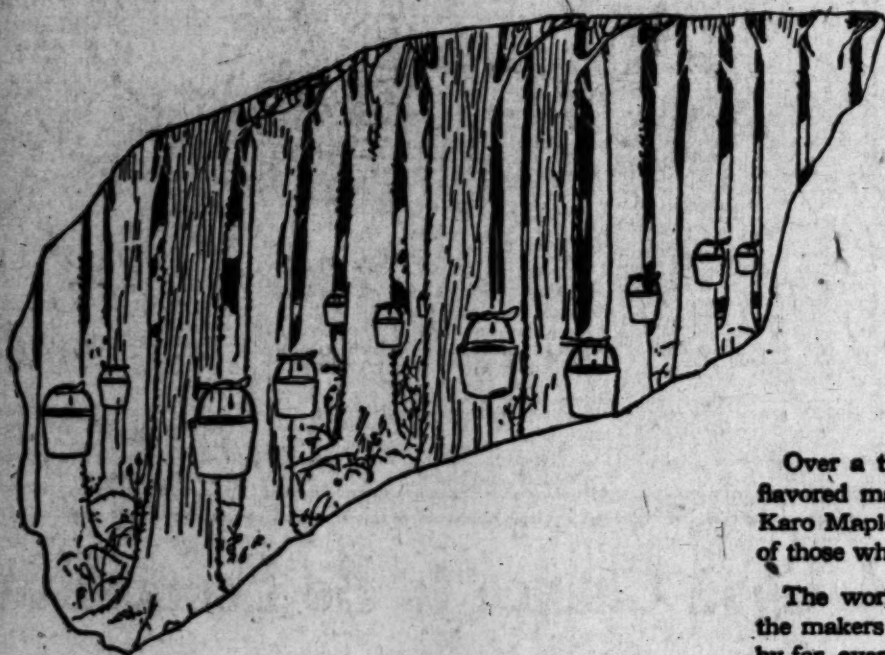

"And I thought it couldn't be done this Side of London or Fifth Avenue, anyway.

"At last, a hat that is a hat. A Crofut & Knapp from Silverwood's.

"By George, I'm stunned."

**F.B. Silverwood**  
BROADWAY AT SIXTH

## From the maple groves of Vermont and Canada comes the rich flavor of the new Karo Maple

Delicious maple flavor and moderate price sold over five million cans of Karo Maple last year. A money-saving hint to many mothers

Over a thousand tons of the purest and finest flavored maple sugar are used annually to make Karo Maple delicious enough to be the preference of those who enjoy maple syrup.

The world's largest users of maple sugar are the makers of Karo Maple. Karo Maple outsells, by far, every kind of maple syrup.

The price is remarkably moderate—economical enough to serve daily to all the family.

Serve it to the children on their bread, and to all the folks on waffles, griddle cakes, or crisp, buttered toast.

Our belief that you will like Karo Maple equally as well as million others is best expressed by the following suggestion:

Ask your grocer for Karo Maple in the Green Can. It is guaranteed to please you or your grocer returns your money.

## What Dual Valves Do In Pierce-Arrow Trucks

THE Dual Valve principle is the greatest advance in trucks since the Worm Gear was introduced in 1910 by Pierce-Arrow. It means a surpassing performance—vast power and surprising economies.

### They Save Road Time

More power and more speed mean avoiding road delays, doing more work, making more trips. The pulling power is equal to any demand. Hills and rough going have no terrors.

### They Save Operating Costs

Increased valve area means a fuller, purer gas mixture. Fired by two sparks, all of the charge is converted into power. This means a big saving in gasoline—more miles per gallon.

### They Save Shop Time

Sturdiness keeps Pierce-Arrow out of the shop. The ready accessibility of its parts permits repairs to be made when necessary, in the least time and saves big labor charges.

#### THREE TRUCK SIZES:

2-ton, 3½-ton and 5-ton—and a tractor—all electric lighted, worm driven, and equipped with Dual Valve engines.

## POLITICS.

### THE WATCHMAN.

#### TREND OF POLITICAL THOUGHT AND ACTION.

By the Sentry on His Beat.

One of the significant notes in the Senatorial contest is the pronounced drift of the so-called independent thought to the support of Samuel M. Shortridge. I find daily evidence of this in browsing among people who boast that their party label is not inflexible, but who nevertheless are keen for a business administration at Washington during the next four years. They make it plain that they, like the average citizen elsewhere, have found little but disappointment in the way the country affairs have dilly-dallied under seven years of Democratic blundering; and any comment which points to the failure of the Wilson administration to make the best of its opportunities is favorably received. The election of Senator Phelan's share of this manifest failure. The comment that I hear, moreover, suggests that even the Senator's admirers feel that his avoidance of the tariff issue, which has become more than a little acute since Mr. Shortridge has persistently pushed it into the foreground, cannot but harm his candidacy. The suspicion is now rather well abroad, especially in the fruit-growing sections, that in the back of the Senator's head is the realization that few would take him seriously, even though he did not insist to meet this insistent tariff demand with a pronouncement of some sort. But whether we get one or not, eleven hours rallies seldom avail much for the candidate who is trying to breast an adverse tide.

Pomona, where I am told the Republican sentiment has reached the high peak, has just registered another notable desertion from the local Democratic ranks in the person of Capt. C. Walter Guerin, City Attorney of that city and for some years one of Pomona's strongest men in the Bourbon faith. Capt. Guerin, who is a veteran of two wars, was one of those hereditary Democrats whose faith was unshakable. This year, however, he admits he has seen a great light, with the result that he has definitely severed from the Democratic ranks. He is now a Republican, and for the campaign it is a clean slate and a solid Republican ballot, and from friend who passes this word I understand that the Pomona veteran is not one inclined to recant in the voting booth.

Maj. Leonard Withington, Adjutant.

## BONDED WHISKY GOES IN SEWER.

Six Hundred Bottles of It Seized Along Border, and Destroyed by Order.

Six hundred bottles of bonded whisky, worth about \$35,000 at the present market price, were dumped into the sewer here yesterday by U. S. Marshal Walter and Deputy Marshal Blakeley. The liquor had been seized from smugglers on the Mexican border and was ordered destroyed by U. S. District Judge Tupper last week. Federal authorities here now hold no alcoholic beverages except some potent evidence in pending cases under the dry laws.

The destruction of the whisky sent through the corridors of the Federal Building is an event which vividly recalled happy days.

General of Hawaii, who is visiting Los Angeles on the last of a 13,000-mile jaunt through the Eastern States, tells me that, in his judgment, no one can prevent the return of the Republic on November 2. "Most confident of Senator Harding's success are the people of the South," declares the general. "In fact, Democrats all over the country seem more certain of a Republican victory than the Republicans themselves. There seems to be a general impression that the Republicans will increase their Senate lead in spite of the hard fighting waged against Senator Cummings in Iowa and Senator Watson in Indiana. In Indiana and Ohio the battle is hottest, and the campaign there has taken on some of the character of the bitter battles of past campaigns. Disappointment with the administration, and a realization that the single party plan has put them back many years, is evident in the Southern States. The Republicans are making a big fight in Texas and Oklahoma, and may elect some candidates in the latter States, and it considerably increases their Texas vote."

William G. McAdoo, former Secretary of the Treasury, and Homer S. Cummings, former chairman of the Democratic National Committee, intend to bring the final Cox-Roosevelt messages to our listening ears in winding up the Bourbon campaign in this section. Mr. McAdoo is booked for speeches in Los Angeles on October 23 at Trinity Auditorium and the Labor Temple, and at Pasadena, Pomona, Riverside and San Bernardino on October 24. Mr. Cummings will all speaking engagements at the Morocco Theater here on October 24, following an address in San Diego. On October 25 he will speak before the Friday Morning Club, at the University of Southern California, Berkeley and Santa Monica, and the following day he will be in Moorovilla, Pomona, Ontario and San Bernardino. I am told that both these distinguished Bourbons will make the League of Nations (Wilson version) the burden of their messages.

Mrs. Shelley Tolhurst and John T. McBean will speak today at the Democratic noon meeting at the Morocco Theater. Mrs. Hancock Banning will have charge.

Postmaster George Morridge of Sierra Madre, one of Congressman Randall's adulators, will, I am told, preside over the pink lemonade at a party he has arranged for his Congressional benefactor on Thursday at the Sierra Madre Woman's Club. Morridge is celebrated in Randall's camp chiefly for the quick changes of his political coat. Originally styling himself a Republican, he turned up later as a Progressive, but thirty days before his appointment by Randall as a postmaster, the voter's registration found him catalogued as a Prohibitionist. Now he is trading smiles with Randall.

The Methodist Preachers' Association has informed the candidacy of James S. Edwards of Redlands, Prohibitionist, for the United States Senate, according to an announcement yesterday.

Friends of Walton J. Wood appear to be putting considerable spirit into his candidacy for the Superior Court. He has endorsements from the Mayor, the Better Judges, the United Church Brotherhood, and the War Veterans' League.

W. V. Stafford, former State Harbor Commissioner of San Francisco, who has just completed a tour of the State, predicts the election of Samuel M. Shortridge, according to word sent to local friends.

"It looks like a sweeping victory for Harding," Mr. Stafford is quoted as declaring. "Good Democrats have said to me that they believed a permanent adjustment of the country's affairs cannot be accomplished until we have a complete change of administration. I look for Shortridge to win without any question. I do not believe the people of California are going to elect Harding President and then cripple his power by choosing a Democrat for the Senate. That's the kind of talk I have heard on my trip and I believe it is general throughout the State."

#### THE WATCHMAN.

### MUST PAY FOR FALSE ALARMS.

Heavy Fine or Hundred Days in Jail for Man Causing Needless Fire Run.

E. Mackada turned in five false fire alarms within the last three days and yesterday he was sentenced to pay a fine of \$100 or to spend 100 days in the City Jail after his hearing before Police Judge Chesbro. Up to a late hour the money had not been produced.

Mackada, who lives at 752 La Mar street, denied the charges, but witnesses told of seeing him turn up an alarm and then run. He was chased, caught and placed under arrest.

## PASTORS ENTER POLITICAL FRAY.

Methodists Resolve to Get Out Vote Next Month.

And to Lead Congregations in Considering Issues.

Clergyman Takes a Fling at Pro-Rum Press Agents.

Dr. E. A. Healy, dean of the McClay School of Theology of the University of Southern California, surprised the Methodist ministers' meeting at the Y.M.C.A. auditorium yesterday morning by declaring the church should go into politics. Let the church of God take a firm stand and let us as ministers go into our pulpits and urge our people to go to the polls and vote at the general election," said Dr. Healy. "It is our duty as church members."

"Be it resolved that we, as Methodist ministers, do all in our power to bring a vote at the general election on November 3. We do not intend to make a second assurance doubly sure. A second resolution went across, urging the ministers to read literature for and against the amendment on the ballot, and otherwise assemble information that will aid church members to get a clearer insight into the issues involved."

Rev. Charles Scott took a rap at certain political press agents. He declared that the liquor interests have wormed their way into the news columns through paid agents, who are trying to fool the public concerning the benefits of the dry laws.

"This is a serious menace," said Mr. Scott. "We find the columns of our newspapers filled with news from one side of this question, and with practically nothing from the other side. The reason is obvious. We do not furnish the facts, no matter how fair the newspapers may be, they cannot do other than print the news carried to them by the press agents of the liquor interests."

"It is foolish to say that the newspapers are bought. They cannot be bought. But news can be carried and it is time the church should spend its money for the right kind of advertising and awaken to the fact that the right kind of news can be put over if we are only wide enough awake to carry it to the proper channels. I am for the newspapers, but I believe in adding them to give us the right kind of news instead of leaving that to the interests that would becloud the public mind as to the real issues involved in the coming election."

NO DAMAGES FOR SLAP.  
Employer Wins Action Brought by Discharged Employee.

Judge Avery yesterday gave judgment to William Rudolph, manager of an ice plant, in the suit of A. J. Moore for assault and battery. Mr. Moore charged while he was wearing his glasses and engaged at the ice plant as chief engineer they had an altercation in which Mr. Rudolph struck him.

Mr. Rudolph declared Mr. Moore was discharged and became abusive. In self-defense, he said, he slapped him. Mr. Moore sued for \$25,000 damages.

USE POSLAM FOR ECZEMA, ITCH NO MORE

Every eczema sufferer should know just how greatly Poslam is able to benefit his stubborn trouble. Poslam quickly brings relief, stops itching, cools, soothes and comforts. To spread Poslam over the skin demands no special treatment. It is usually surprisingly short and improvement noticed every day. Poslam is harmless. Use it for pimples, rashes and all eruptions.

Sold everywhere. For free sample write to Emergency Laboratories, 143 West 4th St., New York City. Urge your skin to become clearer, healthier by the daily use of Poslam Soap, medicated with Poslam. (Advertisement)

Watch the results—they are quick and apparent. You will know them what this method means, both to you and yours. Go get this tube today.

Men who smoke will see a quick, conspicuous change

Tobacco stains the film-coat on the teeth. So men who smoke will see a great change quickly. But millions of teeth have that same film-coat with a lesser stain.

Children's teeth are most affected by the film. Young teeth seem most subject to decay. Dentists advise that Pepodent be daily applied from the time the first tooth appears. Otherwise, decay is almost certain.

Pepodent brings to women whiter, prettier teeth. But that means cleaner teeth and safer. The luster comes from constant film removal and the high polish given to the teeth.

Old ways don't end it  
Old ways of brushing do not end film. Millions of people know that. Teeth discolor and decay despite the daily care. The reason lies in film. It clings and hides, and very few escape its damage. It is the film-coat that discolors, not the teeth. Film is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay. Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. All these troubles have been constantly increasing—some have grown alarming. And all because we knew no way to daily fight the film.

A new dental era  
Dental science has for years studied to combat film. Ways have now been found to do it. Able authorities have proved those methods by many careful tests. Now leading dentists everywhere are urging their daily use.

## General Motors Trucks

Many manufacturers of motor trucks have flourished in good times and gone out of business when conditions changed.

Owners of such trucks have been left with "orphans" on their hands and without a service station to which they could take their truck for repairs and replacements.

On the other hand, the truck manufacturer whose business has been backed by plenty of capital and whose product has been built on genuine quality rather than to meet a popular demand is still in business.

The makers of GMC Trucks have in ten years of truck building demonstrated the permanency of their business and the enduring quality of GMC Trucks.

## We Invite You To see how really clean teeth shine

Your teeth are coated with a film. When fresh the film is viscous—you can feel it with your tongue. Later it forms a cloudy coat. It enters crevices and stays. It dims the teeth, and now we know that it causes most tooth troubles. There is now a way to end it. This week your druggist, if you ask, will give you a 10-Day Tube. Get it and see what it does for your teeth. Learn what film removal means.

These methods have been combined in a dentifrice called Pepodent. Millions of people have come to employ it. You can see the results wherever you look—in glistening teeth, in teeth you envy, maybe. A new dental era has begun, due to these discoveries. And these are benefits everyone should share. So you are urged to let this 10-Day Tube show what Pepodent can do.

Brings five effects  
Pepodent brings five distinct effects. All are apparent, some are quick. A few days' use will leave no doubt about them. And a little book will tell you what each one means to you.

One ingredient is pepsin. Another multiplies the starch digestant in the saliva to digest starch deposits that cling. The alkalinity of the saliva is multiplied at once. This is to neutralize the acids which cause tooth decay.

Two factors directly attack the film. One of them keeps teeth so highly polished that film cannot easily adhere. Every application brings the Pepodent effects. Together they mean tooth protection like you never had before.

Watch these effects. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coat disappears. Compare your teeth now with your teeth in ten days. Then judge this new-day method by what you see and feel and know.

10-DAY TUBE FREE  
Present this coupon, with your name and address filled in, to any store named. It is good for a 10-Day Tube of Pepodent.

Your Name .....  
Address .....  
Out-of-town residents should mail this coupon to The Pepodent Company, 1104 So. Wabash Avenue, Chicago, and the tube will be sent by mail.

### Remember

We told recently of the spirit of service to which the world (especially banks) has awakened. From this new universal comes particular satisfaction to the Merchants National Bank and its patrons because it has always been as much a part of this bank's existence as the very foundation of its building. Not boastfully are these facts stated, but rather in the sense of a duty well performed. Undoubtedly you have enjoyed the same feeling.

### WOMEN'S WORK. WOMEN'S CLUBS.

BY MYRA NYE.

Ebel Club.  
“Spain” was discussed by Prof. B. R. Baumgardt at the Ebel Club meeting yesterday afternoon. He treated the subject not only historically, but from the economic point of view. The lecture was an illustrated one.  
On Thursday the book section of Ebel will open its season with a program, beginning at 10 a.m. with a book talk and brief and timely announcements of happenings in the book world. Twenty minutes will be given to recent issues of the Atlantic Monthly by Mrs. Sumner Hunt. Miss Gertrude Darlow of the Public Library will review Paul Elmer More's recent success, “With the Wills.”  
The lunch-on speakers will be Mrs. Charles Toll, president of the club; Mrs. Mathew S. Robertson, past president, and Mrs. Wendenburg Perkins, assistant curator of the book section. There will be other prominent women as guests of honor.

Woman's City Club.  
Dealing with the tariff, the League of Nations and the Japanese question, Senator Phelan spoke yesterday afternoon at the meeting of the Woman's City Club, with special emphasis on the history of the “silent invasion.”  
“One of every nine tillable acres in the State,” said the Senator, “is controlled by the Japanese and the per cent is increasing. The ‘gentlemen's agreement’ is disregarded and with sly craftiness the Japanese are seeking greater and greater control. California is facing a real danger and if she is to be saved from the fate of Hawaii, now overrun by Japanese, four protective measures must be adopted: A State law forbidding either ownership or leasing of agricultural lands by unassimilated aliens; a Federal law, adopted along the border, a Federal law excluding Japanese immigrants from the United States and a constitutional amendment restricting citizenship to the sons and daughters eligible to citizenship.”

California P.T.A.  
The Juvenile Court and the El Retiro Home for Girls were the words of praise in resolutions adopted yesterday by the city and county association of the California Parent-Teacher Federation. Mrs. Harvey Trowbridge of the Los Angeles district, presided.  
The speakers of the morning were: Mrs. Harry Houston of San Fernando; Mrs. H. E. Archibald of the first district, and Dr. Milton Van Waers, referee of the Juvenile Court. The afternoon was given over to talks by Judge Reese and Mrs. W. R. Root, one of the city probation officers, who has just returned from the East, where she studied the work of the courts of the eastern States. Embroidery and basket work done by the girls of El Retiro Home were on exhibit and sale, with part of the proceeds going to the school and the rest to the girls who make the articles. The girls are all self-supporting and pay their board and room from the money they make from their handwork. It was declared at the meeting.

Republican Study Club.  
To give members of the Republican Study Club an opportunity to attend the front-porch reception to be given today by Mrs. Clara Shortridge Foltz for her brother, Samuel M. Shortridge, G.O.P. candidate for the United States Senate, at her home, 153 South Normandie avenue, the weekly meeting was held yesterday at the Union League Building.  
E. P. Clark, president of the Anti-Single Tax League, explained loudly and from an unbiased viewpoint the menace to California and the nation in the event the single tax system is put in operation.  
Mrs. William De Mille, daughter of Henry George, the first proponent of single tax, presented the arguments in support of the measure. Speaking vividly and being thoroughly conversant with her side of the question, Mrs. De Mille captivated the club members, not because of the subject of her talk, but because of her own personality.

Boyle Heights Woman's Club.  
A meeting of the Boyle Heights Woman's Club will be held tomorrow afternoon at the Boyle Heights branch library, when Senator Phelan, Mrs. Rosamonde Wright and Dr. John H. Haynes will speak. Mrs. Wright against vivisection and Dr. Haynes on the initiative.

Catholic Woman's Club.  
Bishop Cantwell will be honored by the Catholic Woman's Club tomorrow afternoon at a reception preceding the program in the Knights of Columbus Hall.  
Prof. B. R. Baumgardt will deliver his latest lecture, “Frontiers of the Universe,” which is a presentation and interpretation of recent celestial photography with the greatest telescope in the world.

### UNION TOLD SYMPHONY'S NEW POLICY.

Open-Shop Declaration at Meeting Brings Two-Hour Address in Reply.

Instead of holding the first rehearsal of the Los Angeles Symphony Orchestra yesterday, as had been planned early in the season, the board of directors called all its contract musicians together in Blanchard Hall and read to them a declaration of independence in which G. C. O'Connell, attorney for the board, stated that the organization is forever done with the musicians' Union and will henceforth conduct its business on the open-shop basis.  
Attorney O'Connell informed the thirty-seven musicians who are under contract to play for the Symphony this year that the board of directors authorized the statement that it no longer recognizes the Musicians' Mutual Protective Association, and that its decision on the conduct of all future activities on the open-shop basis is final and irrevocable. The contract musicians sent for C. L. Bagley, president of the musicians' union, who took the floor and talked for about two hours. It is reported that he is preparing for the union musicians a reply to the Symphony's ultimatum. A large number of non-union musicians, who have filed applications with the Symphony and signified their desire to join the organiza-

### RAIN IS LIGHT BUT GENERAL.

(Continued from First Page.)

day predicted probable additional showers for tonight and Tuesday for all of California.  
Up to 7 o'clock this morning, Santa Rosa had received 1.40 inches of rain. This was the heaviest fall reported to the Weather Office.  
Southwest storm warnings, which were up all last night from Eureka north, were ordered down this morning as the storm showed signs of abating.  
The rain of the past twenty-four hours extended north from San Diego to the Canadian border.  
There is an exceptionally heavy fall of snow reported in the high Sierras. At the summit all automobile traffic has been stopped with three feet of snow on the level and deep drifts in the cuts, an almost unprecedented condition so early in the

fall. All restrictions as to the use of hydroelectricity are off as a result of the heavy rainfall, the mountain streams running at flood stage.

### DRIVE STARTS WELL.

Cash as well as Fruit Received for Orphans' Home Society.  
The opening day of the fruit drive being conducted at 721 South Olive street for the benefit of the Los Angeles Orphans' Home Society was successful in spite of unfavorable weather. Over \$200 in cash and more than 100 jars of fruits and vegetables were received.  
Throughout the week the soliciting headquarters will be open from 9 a.m. to 6 p.m. and on Saturday contributions will be received up to 9 p.m.

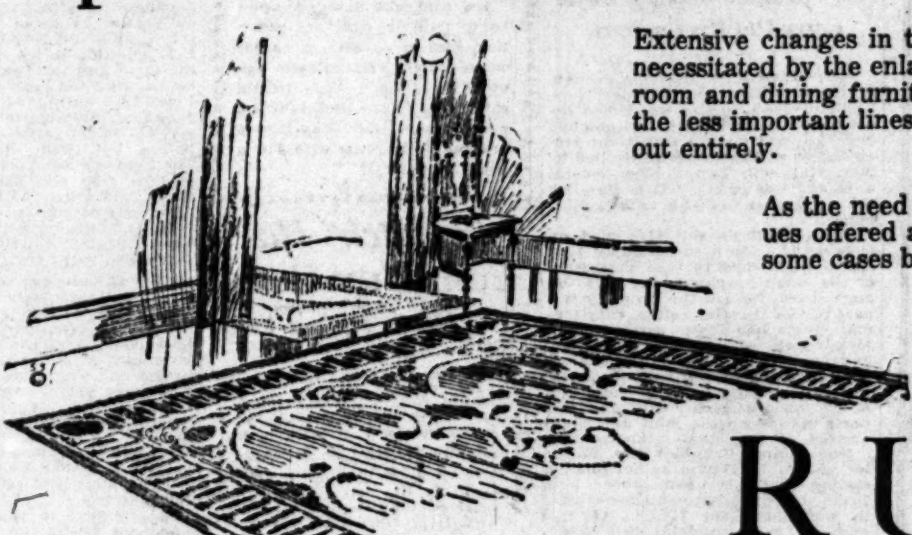

OFFER DANCING COURSE.  
Under the direction of the Young Women's Christian Association a class in dancing will be opened at 12 a.m. today in the Kramer studio, 1500 South Figueroa street. Miss Hope Knapp, who will be the instructor, studied under Vestoff and Serova. The course will include ten lessons in folk, character and social dancing.

Ten Floors—in a Location That Enables Us to Sell for Less

Pasadena  
FURNITURE CO.

## Special Values in Every Line

Extensive changes in the arrangement of our ten floor stock necessitated by the enlargement of our lines of living room, bedroom and dining furniture make it necessary to curtail some of the less important lines shown and in some instances, close them out entirely.

As the need for more room is urgent, the special values offered are unusually attractive, the repricings in some cases being just half the former price.

No matter what homefurnishing items you are interested in, it will pay you well to come here for them even though they may not be advertised.

## RUGS

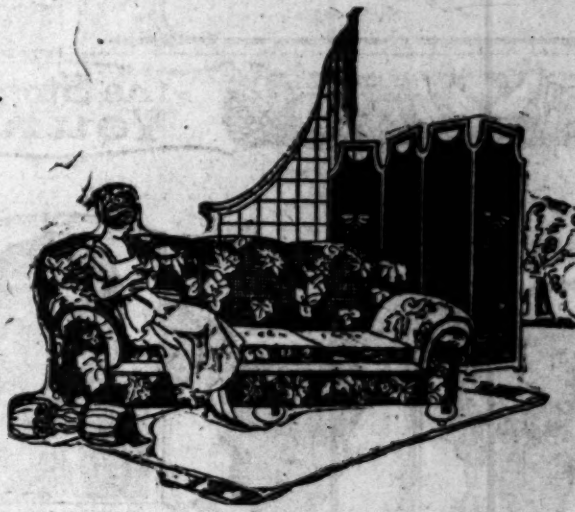

- Our Rug-buyer who is now in the Eastern market has advised us to clear out all short lines to make room on our racks for quantity purchases now being made.
- This means that quite a number of rugs of which there are but one of each must go at a sacrifice that in some cases approach to half their former pricings.
- If you have been looking for rugs lately you will quickly appreciate the special values now offered here.
- A quotation of the prices would interest you but as the quantity of each is so limited we prefer to have you come in person.
- We guarantee the values.

## A Lot of Fine Davenports at Half Price

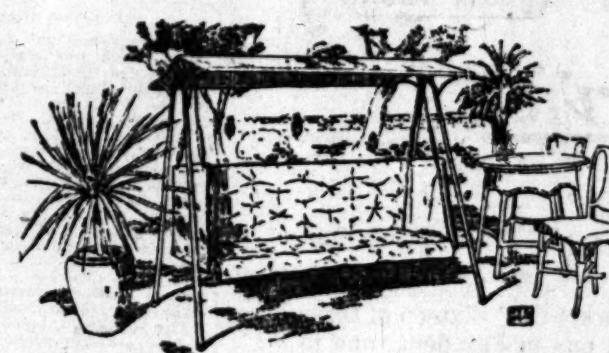

—To those who seek high quality in overstuffed davenports and chairs this is an opportunity transcending in importance any that it has been our previous good fortune to present.

—Secured, as they were, from a manufacturer who had them made up for exhibition purposes, they represent a more luxurious and higher priced type of furniture than is usually required for the average home—yet as they are now offered, most any home can become the possessor of one or more pieces at very little more than the more ordinary kinds would cost.

—There is but one of each, which precludes a more extended description here but we will be glad to show them to you and you may choose from a fine lot at exactly half price.

## A Close-Out of Out Door Furniture

Out of our necessity for more floor space comes this opportunity to add to your porch and lawn equipment at savings that encourage anticipation of your needs.

Much of this furniture is also adapted for indoor use, being in enameled or shellac finish suitable for a breakfast-room or some of the less important rooms of a home. On many of these pieces our regular low prices are being cut in half.

The couch hammock pictured, \$42.50.

A full size couch hammock made of gray canvas with comfortable upholstered back and spring seat, coil spring suspension, all metal folding standard and canopy complete as pictured. A special value at \$42.50.

Many others to select from at special reduced prices.

### No Wrinkles at Forty

WRINKLES tell others how old you are. They destroy a woman's youthful looks before she knows it.  
Those dreadful lines can be avoided and removed with little trouble and slight expense.

Try this simple formula—A little CREME ELCAYA rubbed gently into the skin then if you need color, a very little rose spread carefully over the cheeks before the cream is quite dry and after that the film of Elocaya face powder over all.

CREME ELCAYA  
is a delightful, non-greasy, disappearing toilet cream that makes the skin like velvet.

Your dealer has ELCAYA and has sold it for years. Ask him to jars at 50c.

### MRS. LAMB SUES HANDLEY'S WIFE

Suit No. 2 in Women's Battle for Apartment House.

Says Prohibition Chief Was Joint Owner With Her.

Seeks to Make Reputed Buyer Carry Out His Contract.

Mrs. Elizabeth J. Handley, widow of the late Lorrin A. Handley, prohibition director, who was killed recently in a mysterious automobile accident, was made a defendant yesterday in an \$18,000 suit filed by Mrs. Elizabeth Lamb, who, several days ago was sued by Mrs. Handley for possession of an apartment house.

Mrs. Handley's suit was filed on October 11. In it she declared Mrs. Lamb threatened to take possession of the Murray Apartments, 1028 Orange street, through the property is a part of the Handley estate, that formal notice had been served upon Mrs. Lamb to surrender possession, but that Mrs. Lamb is still in charge. Mrs. Lamb, in her suit, filed yesterday by Attorney J. P. Mel and E. M. Swartz, states that she and Lorrin Handley were joint and equal owners of the Murray apartments. The complaint names Mrs. Handley and A. H. Martin as defendants, stating that last September Mrs. Lamb sold the apartment-house lease to Mr. Martin for \$18,000. Of this amount, the complaint sets forth, \$1800 has been paid by Mr. Martin and the balance of \$16,200 has not been paid, although long past due and demanded of Mr. Martin. The complaint further states "that the plaintiff and Lorrin A. Handley were joint and equal owners, co-partners, and that the sale was duly authorized in writing by Lorrin A. Handley and Mrs. Lamb was authorized to consummate the sale and collect the proceeds thereof by power of attorney made and executed by Mrs. Handley, which is not now in possession and control of Mrs. Lamb."

Since the death of Mr. Handley, the complaint also states, Mrs. Handley, though "acting and claiming to be the duly appointed administrator of the Handley estate," has refused to join Mrs. Lamb in pressing the action against Mr. Martin and that reason was made party defendant.

**ON MODERN EDUCATION.**  
George Foulds, former Secretary of Education in New Zealand and at present president of the Auckland University, will address the students of the University of Southern California at 11:40 a.m. today on "Modern Education."

### BOUGHT KISSES FROM OWN WIFE.

Alimony Witness Declares Her Love Commercialized; Carries Highest.

Louise Marion Paglia commercialized her hugs, kisses and caresses, her husband, Ludwig M. Paglia, declared to Judge Jackson in the hearing of an alimony suit yesterday. He said she insisted upon being paid in cash for every hug, kiss or caress. A caress came highest, Mrs. Paglia demanding \$25. Mr. Paglia said. They have been married eleven years. Mr. Paglia was ordered to pay his wife \$10 a week alimony.

### "Big Hutch" Has Lost; Must Come Here for Trial.

Word was received yesterday that Dist. Atty. Woolwine, now in New York, won in his fight to bring A. B. ("Big Hutch") Hutchings back to this city for trial on a charge of defrauding J. B. Norris, a rancher of Decatur, Ill., out of \$51,000 in an asserted fake-stock deal. The complaint names Mrs. Handley and A. H. Martin as defendants, stating that last September Mrs. Lamb sold the apartment-house lease to Mr. Martin for \$18,000. Of this amount, the complaint sets forth, \$1800 has been paid by Mr. Martin and the balance of \$16,200 has not been paid, although long past due and demanded of Mr. Martin. The complaint further states "that the plaintiff and Lorrin A. Handley were joint and equal owners, co-partners, and that the sale was duly authorized in writing by Lorrin A. Handley and Mrs. Lamb was authorized to consummate the sale and collect the proceeds thereof by power of attorney made and executed by Mrs. Handley, which is not now in possession and control of Mrs. Lamb."

### HOSPITAL RECEPTION.

Homeopathic Profession Here will Celebrate National Day.

Homeopathic Day will be celebrated here today by the Homeopathic medical profession by a reception to be held this afternoon at the Maternity Cottage and Homeopathic Hospital, 127 South Utah street.

Today, October 19, was selected by the American Institute of Homeopathy, the national organization, for celebration wherever there is an association or a hospital. Visitors to the hospital today will be taken over the institution by members of the board of directors.

### SHORTRIDGE'S PLATFORM TOLD

(Continued from First Page.)

men, the rice and barley producers, and the timber and cotton industries of California. Our people must have relief. They are entitled to relief. The Republican party will give them relief, and I pledge myself to work for that relief. No relief can be hoped for from a Democratic administration which is and always has been for free trade, and free trade means disaster.

His opponent is emphasizing the Japanese issue in California because he desires to avoid the tariff and the League of Nations issues. But I, in addition to my declarations on the tariff and the League of Nations issues, want the people to know that I stand for an immediate stopping of Japanese immigration. My stand was not taken yesterday morning the day before, but twenty-five years ago. The time has come for the enactment of laws that will exclude Japanese from California. We do not want them competing on their cheaper basis and inferior methods of livelihood, with our American labor.

**WANTS WELL-PAID LABOR.**  
"We do not want cheap labor. We want well-paid labor. We want intelligent, patriotic, contented labor. We want homes and schools, libraries and churches. We want boys and girls with hope in their hearts and smiles on their faces; we want men and women, erect, proud, self-sustaining, happy, ready to die for their country; glad to give their first-born in defense of the flag. We want no classes, no castes, no anarchy."

This statement sets forth in brief my platform. I beg permission to call attention to the fact that my opponent favors the Wilson League of Nations treaty and thereby voted to give Shantung to Japan, the very nation that has assumed to oppress and to guarantee the gift with our American soldiers and treasure; that he voted in favor of granting President Wilson the authority to accept for the United States a mandate over Armenia, thereby indicating his willingness to send our boys and money across the Atlantic to take charge of foreign people and foreign lands and engage in foreign wars; that he refused to vote for Senator Johnson's resolution to bring our soldiers back from Siberia where they have been sent by President Wilson to help and serve the Japanese in an undeclared war upon that country; that though for four years he has been backed by a Democratic Congress and the President he failed to introduce any legislation in Congress to prevent the coming of the Japanese or other undesirable races; that he only once has been done by him or his party to secure the enactment of any such legislation, and it is only once because of his rejection that he has attempted to make the Japanese question a party issue. But when a people are united and of one thought the proposition ceases to be an issue.

Even so, my opponent takes up the Japanese problem some twenty-five years after I advocated their exclusion.

**AT RIVERSIDE.**  
Delayed for some hours by a freight wreck near Bakersfield, Mr. Shortridge spoke very briefly in a drizzling rain at the Riverside fair yesterday. He made no reference to his candidacy or to politics, saying he realized his several thousand auditors were gathered not as partisans, but as American citizens desirous of supporting those policies deemed to be the best interests of California and the nation. Gov. Stephens, who preceded Mr. Shortridge on the program, commended the efforts made by the Riverside post of the American Legion to raise funds for a clubhouse as a war memorial and himself made a subscription.

**AT LONG BEACH.**  
At the Municipal Auditorium at Long Beach last night Mr. Shortridge urged the stemming of the invasion of Japanese and protection for the industries of the state with a moderate tariff. Those are two of the achievements which he said he will strive to accomplish if he occupies a seat in Washington during the next few years.

Mr. Shortridge discussed in a forceful manner the various issues of the present campaign, leaving at the end of his address a thoroughly convinced assembly. His talk proved his intimate touch with the current political questions and his logic was unanswerable.

The speaker, introduced by C. A. Bufum, who presided, told how since 1907, he has been working to bring about legislation that would protect California from the grip of the Japanese. He declared that the length of time he had been endeavoring to have laws passed barring orientals from owning land in this state, proved conclusively, that he had not waited until this time to make use of it as a political issue. If he is elected his chief aim in Washington will be to see that California is protected from the further colonizing of Japanese land owners in this state. Mr. Shortridge assured his hearers. Such "industrial" as the citrus and agricultural product such as beans should be protected by a moderate tariff, the speaker said. Lemons, walnuts and beans especially must be protected by a tariff in California, from ruinous competition from other countries where labor is worth next to nothing and no high freight rates are in force. Mr. Shortridge declared.

Charles F. Van De Water, Republican candidate for Congress from the Ninth District, who occupied a seat on the speaker's platform, made a brief address, in which he declared himself on the chief issues sponsored by Mr. Shortridge, the Japanese question and a moderate tariff to protect the State's industries.

Gov. Stephens was present at the meeting and made an earnest appeal for the support of the cause of Republicanism. The Governor was optimistic in the expression of his belief that this is a Republican year.

Joseph A. Rominger, State Senator and A. L. Bartlett, chairman of the Republican County Central Committee, were among the other speakers.

Following the meeting today at Mrs. Folt's home, Mr. Shortridge and Gov. Stephens will speak at Republican meetings in Monterey and Pasadena. Tomorrow they will leave for the Imperial Valley to fill speaking engagements. On October 29 they will address the final Republican rally of the campaign in Los Angeles at Trinity Auditorium.

## This Coupon is Not a Philosopher's Stone

but it may help you transform your story ideas into gold

**ALCHEMISTS** of old sought in vain for a substance called "The Philosopher's Stone." This stone was supposed to change common metals into gold. The coupon at the top of this advertisement is not a Philosopher's Stone, can't transmute lead into gold. But if you have ideas for original screen plays, this coupon can help you convert your ideas into valuable, salable scenarios.

**DO** you know that producers are paying from \$200 to \$3000 each for film stories, and that even at these prices they can't begin to get all the good photoplays they want? You need only think of the countless motion picture theaters, prospering in every nook and cranny of the globe, to realize that a vast number of pictures must be produced to meet the stupendous demand.

### How to Succeed

**MILLIONS** are paid every year for story material for the screen. Not all of the people who write these stories are "literate." Many of them are just folks—like yourself. They have a reasonable amount of intelligence and a knack for spinning yarns; but—most important of all—they understand how to build photoplays that are actually capable of being filmed.

Of the photoplay writers who are making big money, some learned in the tedious school of experience, with Bitter Disappointment and Hard Knocks as teachers. Others acquired this fascinating art much more quickly and easily by taking the Palmer Course in Photoplay Writing.

**If You Feel the Impulse, You'll Find the Coupon up Above**

**PALMER PHOTOPLAY CORPORATION**  
Department of Education  
585 I. W. Hellman Bldg., Los Angeles.

**THAT** brings us to the coupon. It's not worth a penny to you unless you have ideas—plus a serious desire to learn how to convert these ideas into stories that will sell.

Assuming that you have the plot-making faculty and the urge to make the most of it, the Palmer Photoplay Corporation can help you—just as it has helped many others who once were novices. (A book telling all about some of the Palmer students who have made good is one of the things you'll get when you send us the coupon.)

### The Palmer Plan

The Palmer Course first places in your hands a practical and comprehensive treatise on motion picture production. With this as a text, you are taught the fundamentals of photoplay writing.

Then, with the working synopsis of great photoplays successes to guide you, and by actually writing scenarios yourself under the instruction of experienced teachers, you learn step by step the principles of photoplay plot construction.

Being taught by correspondence, the Palmer Course can be easily mastered in your spare time—yet it is so practical that you may well receive yourself as learning the craft right in the studio.

For the exclusive use of Palmer students and only, we provide a special Sales Service, which through intimate contact with the greatest producers, will sell your acceptable scenarios for you—at highest prices.

### Contributors

Frank Lloyd and Clarence Badger, Goldwyn directors; Jeanie MacPherson, scenario writer; Al E. Crute, president Christie Film Company; Col. Jasper E. Brady of Metro's scenario staff; George Baban, distinguished actor, writer and producer; Hugh McCaughey, expert cinematographer; Ed Howard, co-author of The Photoplay Plot Encyclopedia; Kate Corbally, well-known author and playwright.

### Advisory Council

Cecil B. De Mille, director general of Famous Players-Lasky Corporation; Thomas H. Ince, head of the Associated Producers; Lew Wallace, foremost woman director; and Rob Wagner, well-known writer and film expert.

**UNDERTONE IS WEAKER  
ON PRODUCE MARKET.**

—◆—

**CAULIFLOWER IS 25 CENTS PER  
CRATE LOWER; SUPPLIES  
ARE INCREASING.**

The demand for fruits and vegetables was quiet on the local produce market yesterday, arrivals, both from the country and by rail were liberal.

and the undertone was weak for the majority of the offerings. Potatoes held firm at Saturday's level, despite the fact that receipts over the week-end were heavy and the movement for all grades was slow. Cauliflower, however, dropped sharply owing to the fact that the movement of the crop is becoming more gradual creating heavier supplies.

on the local market. All grades were down 25 cents per field crate yesterday, the market ranging from \$2.25 to \$2.50 per crate yesterday. Celery was also weaker under liberal arrivals, fancy stock ruling about 25 cents per crate below the price of the preceding day. White onions remained steady and unchanged, but the brown variety was down 5 to 10 cents per sack, accord-

Practically no changes were recorded during the day in the Chicago market. The

may in the series or the shipping movement and demand for tomatoes for eastern shipment was very dull, movement was slow, and the underliers weak for this commodity. Shipments of cauliflower are increasing, but the movement has not become general enough to establish a market. Within the next few days, however, it is expected that the general movement of this commodity in the outside market will be under way.

**DAILY MARKET REPORT.**  
These are the actual prices obtained yesterday by Los Angeles wholesalers from their sales to retailers, peddlers, hotels, restaurants, cafeterias, etc., as compiled by the United States Bureau of Markets. Terms—Cash on the walk:

## The Unskilled Investor

All difficulties that the unskilled investor may encounter in buying first mortgages are easily overcome by investing in the Guaranteed First Mortgage Certificates issued by this Company.

And he will have an investment that has an even greater safety than the very choicest first mortgage, for each Certificate represents an interest in a group of carefully selected first mortgages which are guaranteed as to principal and interest by the Mortgage Guarantee Company with its resources of over \$15,000,000.

Certificates may be purchased in convenient amounts from \$100 to \$200,000.

Under State Supervision.

## NEW YORK STOCK EXCHANGE

(BY A. P. NIGHT WIRE.)

NEW YORK, Oct. 18.—Foreign were formulating plans for a downward revision of price schedules. Steel and equipment, oils, junior rails, shipbuilding, textiles and leathers were the vulnerable features of the stock market, the list for the most part recording lowest prices in the final hour, when cables reported labor disturbances in London and the provinces. Sales amounted to 475,000 shares.

Eastern conditions ruled in the money market. An opening rate of 7 per cent for call loans held until the last few minutes, when offerings were made at 6 per cent.

Domestic and foreign bonds were steady to firm, local utilities strengthening (par value), \$12,375,000. Old United States bonds were unchanged on call.

### FINANCIAL AND TRADE REVIEW.

(Continued from Preceding Page.)

Los Angeles tracks for the week ending October 16, with nothing held over, as against 750 tons the week before.

Quotations in the Los Angeles market are 327 for fancy dairy alfalfa; \$29 for No. 1 dairy alfalfa; \$25 for standard dairy and \$22 for stock hay.

### FEDERAL RESERVE.

Gold reserves in the Twelfth Federal Reserve Bank of Los Angeles, which is located in Los Angeles, have increased in a week from \$115,637,000 to \$116,953,000, which is about \$1,316,000 less than for the corresponding week a year ago.

There has also been a slight increase in Federal reserve notes in actual circulation. Discount rates remain as of July 12.

### OUR BUSINESS HEALTH.

The business health of California is better than it was a year ago, although Dun's reports an increase in commercial failures for the three Pacific Coast States of seventy-three, with liabilities for the year of \$15,102,290, as compared with 558 failures for the first half of 1919, with liabilities of \$8,776,820.

There was an increase of fifty-six defaults in Washington and twenty-three in Oregon and an increase in liabilities of \$7,000,000 in Washington and \$107,000 in Oregon.

California registered a decline of six rewarms, with \$860,000 less in liabilities than for the same period in 1919.

### NORWAY BONDS SELL FAST.

A \$5,000,000 issue of Christiania (Norway) twenty-five-year 8 per cent bonds offered by a selling group in New York was oversubscribed half an hour after the books were opened. A sinking fund is provided of \$220,000 per annum from January 1, 1921. The bonds are purchasable up to August 1, 1921, at 110, and callable as a whole or in part by lot from then until October 1, 1920, at 110, and at 107 1/2 thereafter. They are payable in New York in dollars. After the books closed the bonds were quoted at par and a quarter to 101 1/2.

## ATTACK DUE ON SIX-CENT FARE.

Railroad Commission to Get  
City's Protest Today.

Urged to Delay All Action on  
Street Car Rates.

While Engineer Asks Relief at  
Once for Company.

Protesting against any increase in  
street car fares the city of Los Angeles  
will today, in a brief to be filed by  
Assistant City Attorney Stephens,  
urge the State Railroad Commission  
to withhold any action toward grant-  
ing the application of the Los An-  
geles Railway for higher revenue  
from its passengers.

"When the entire situation is  
viewed broadly," Mr. Stephens states  
in his brief, "it will be found that  
the greater danger faces the com-  
pany by a rise in fare at this par-  
ticular time, than by a continuance  
of the present fare, which has been  
established since the beginning of its  
history; that no actual money loss  
will result to the company by a fail-  
ure to immediately increase its fare,  
and that such a course will be cer-  
tain to disrupt the operation of the  
transportation system and disaster-  
ously affect its relationship with the  
public. We therefore earnestly urge  
this honorable commission to with-  
hold any action at this time toward  
increasing the street railway fares  
to that during the next few months,  
which will be extremely vital in the  
fast changing financial and business  
situation of the country, the situation  
of this important public utility may  
be worked out without the aid and  
disturbing element of a change in  
its rate of fare."

When Mr. Stephens files his brief  
today, it will be accompanied by a  
report submitted yesterday to the  
Board of Public Utilities by Chief  
Engineer Osborne, in which he states  
that an increased fare should be  
granted the Los Angeles Railway, "as  
an emergency measure, and should  
be reduced to five cents as soon as  
operating conditions permit."

President Wirsching, of the board,  
stated that he, personally was doubt-  
ful if a fare of six cents would give  
the Los Angeles Railway the finan-  
cial relief it desires, on account of  
a resulting loss in the number of  
short-hand passengers. Commissioner  
Lane, at the meeting of the board,  
stated his personal opinion, that as  
the company obviously needs more  
revenue to carry on its operations,  
ordered, and the street railway  
should then be compelled to give  
the public improved service.

President Wirsching stated that  
the members of the board were  
unanimously of the opinion that the  
use of one-man cars should be  
discontinued at once in the congest-  
ed section of the city, that no more  
such cars than the forty-five now  
in operation should be ordered, and  
that those now in use should be  
transferred to outlying districts and  
employed as shuttle cars. Mr. Wirs-  
ching said the views of the members  
of the board had been communicated  
to the Los Angeles Railway, but  
that for the present at least, no  
order will be issued by the board.

Mr. Stephens, in the city's brief,  
states that while the company's finan-  
cial statement, viewed alone, would  
seem to justify increased fares, a  
broader consideration of public  
policy should govern the decision.

"Every day," Mr. Stephens says  
in his brief, "the press carries an ac-  
count of a decline in the price of  
some new commodity. This carries a  
desirable trend, and one which  
should be encouraged rather than  
discouraged, wherever possible, by  
public bodies. It seems to us that  
an order of this commission increas-  
ing the cost of transportation to the  
public would be in the direction of  
holding prices at a high level,  
rather than in accordance with the  
universal trend in the direction of  
lower prices. We think that from a  
psychological standpoint it is the  
worst possible time to inaugurate an  
increase in fare."

The opposition to the one-man  
cars is noted by Mr. Stephens, and  
says that an increase in fares would  
result in a flood of demands for  
better service. The possibility of  
increased competition is also set forth.  
Finally, Mr. Stephens points out that  
estimates show that increase of fares  
to six cents would not only cover  
all the company's financial needs,  
but would result, on a basis of its  
present business, in returning to the  
company a surplus of approximately  
\$500,000 a year, and Mr. Stephens  
says that the public should not be  
compelled to pay this profit. On  
the other hand, if business should  
fall off and the number of short-  
haul passengers should decrease, due  
to a six-cent fare, the net result  
would be still to leave the company  
with a deficit.

"This would," says Mr. Stephens,  
"logically result in another applica-  
tion for a still further rise, and in  
a still further disarrangement of the  
status of the company."

## Light-Fingered Gentry Busy in Downtown Jams.

Two men and one woman yester-  
day were victims of pickpockets when  
caught in the crowds in the down-  
town district. All three reported their  
losses at Central Police Station and  
gave good descriptions of the pick-  
pockets.

Mrs. B. Torba of Puente, Cal., the  
first to report to the police, stated  
that she lost her purse in a down-  
town department store. The bag  
contained two gold rings and \$7 in  
money. It was snatched from her  
hands when she was near a crowd  
by a young man.

Paul Keating of 3405 Dayton ave-  
nue was relieved of a purse and \$75  
and by three pickpockets operating  
on a downtown street car. He  
stated that two of the men blocked  
his path while the third one relieved  
him of his purse. The thieves jumped  
from the street car and escaped.

T. P. Dyer of 821 Washington  
Building was also robbed by three  
pickpockets while riding another  
street car. Dyer stated that he lost  
his purse and \$15. The descrip-  
tion given by Mr. Dyer was the same  
as that turned in to the police  
by Keating.

**INCORPORATIONS.**  
Sunset Glass Manufacturing Com-  
pany, incorporators Robert D. Hoh-  
day, Harry P. Gallinger, Timothy P.  
Wright, Nathaniel Davis and Lester  
A. Eagles, capital stock \$300,000,  
subscribed \$3; Sellrite Company, in-  
corporators Albert Walter, A. M.  
Eagle and J. E. Jones, capital stock  
\$50,000, subscribed \$300.

## JEWEL THIEVES EMPTY CELLAR.

Steal Trinkets and Apparel  
Worth Big Sum and Then  
Cart Off Joy Water.

After burglars had ob-  
tained jewelry and other arti-  
cles valued at more than  
\$3400 from the residence of  
Mrs. Martin Chase, 1546 East  
Ocean avenue, Long Beach,  
they went to the cellar and  
carried away sixteen gallons  
of wine and five gallons of  
whisky, according to a report  
made to the Sheriff's office  
yesterday.

The articles listed as stolen  
include the liquors, six pairs  
of silk stockings valued at \$10  
a pair, a woman's platinum  
watch set with diamonds val-  
ued at \$370, a ruby ring with  
small diamonds valued at  
\$600, a woman's watch valued  
at \$400, a wedding ring, a  
sealskin coat valued at \$750,  
a cape valued at \$400, a  
locket with pearls valued at  
\$700 and a black lynx fur val-  
ued at \$165.

Deputy Sheriffs Lips and  
Anderson are investigating.

## FIGHTS TO KEEP WIFE OFF JURY.

Attorney Argues on Basis of  
Common Law; Modern Idea  
Upheld by the Court.

"In this day and age, I do not  
think I will say that a woman shall  
not serve on a jury just because her  
husband does not want her to,"  
declared Judge Monroe yesterday  
when Frank S. Hutton, an attor-  
ney, objected in his court to Mrs.  
Hutton doing jury duty.

Mr. Hutton armed himself with  
points of law which he presented to  
the court in his contention that Mrs.  
Hutton should take his advice as a  
juror over his objection.

His first point was, he said, on the  
ground of public policy.  
"It is the policy of the law at all  
times to protect the home. It is  
only by recent legislation that wom-  
en have been permitted to serve on  
juries the same as men. There is  
more reason why a wife and moth-  
er should be kept away from a jury  
public, for instance. As a matter of  
public policy, a woman should stay  
at home if her husband desires it."

Judge Monroe said he did not see  
how there are many women who  
stay at home because their husbands  
object.

"My wife does," retorted Mr. Hutton.

"I should like to see your wife,"  
said the court.

"Your Honor will probably have  
an opportunity before long," replied  
Mr. Hutton.

He said that when a wife is called  
as a juror, her husband is deprived  
of her services as a wife.  
"He is deprived of his common-  
law rights without due process of  
law," he declared.

Mrs. Hutton will probably be  
called by the court later.

**WILL TEACH IN CHINA.**

Prof. Ralph Fletcher Burnight,  
son of Mrs. Joel M. Burnight, 629  
West Thirty-sixth street, sailed from  
Seattle on the 15th inst. in the  
Africa Maru, bound for China,  
where he will instruct in Pe-  
king University. Prof. Burnight,  
who goes to the Orient under the  
auspices of the United States Epis-  
copal Church, will be supported by  
the University of Southern Califor-  
nia, from which he was graduated  
in 1913, and by which he was given  
a master of arts degree this year.

## VANN GIVES UP PROBATION JOB.

County Chief Resigns; Will  
Quit in Three Weeks.

Leaving Solely Because He  
Needs Rest, He Says.

Successor to be Chosen by  
Civil Service Test.

Harold K. Vann, chief probation  
officer of Los Angeles county, will  
place his resignation with the Board  
of Supervisors, through the Civil  
Service Commission, today. His health  
given as the cause. The resigna-  
tion is to take effect November 15,  
and Mr. Vann will be in charge of  
the probation office until that time.  
Business interests will take him into  
the Puget Sound country, where his  
family is now located.

Seven years ago Mr. Vann was  
appointed assistant probation officer.  
A year and a half later he was ele-  
vated to the position of chief. Dur-  
ing that time, more than 10,000 girls  
and boys have passed through the  
probation department, and the cases  
of about 2,500 children and 500 adults  
are now under the care of the proba-  
tion department. Mr. Vann has  
about twenty assistant probation of-  
ficers and ten clerks. The depart-  
ment is the largest in the state, and  
one of the largest in the entire coun-  
try.

The department is not under the  
direct supervision of Judge Reeve,  
and the fact that Judge Reeve has  
opposed Mr. Vann, has nothing to  
do with the resignation, according  
to Mr. Vann, who declared yester-  
day that he is voluntarily leaving the  
county's service.

Criticism hurled at Juvenile Hall  
and the Juvenile Court judge have  
never been aimed at the probation  
department or at Mr. Vann, the latter  
says.

"I am resigning because I need  
a rest," said Mr. Vann. "The depart-  
ment was never in better shape. None  
of the criticisms which have been made  
during my recent absence were  
aimed at the probation department.  
There is, therefore, nothing for me  
to answer, and no reason for me  
to give for my resignation, other  
than that I am tired."

"Recently I took a brief rest. It  
was my intention to remain away  
six months, but conditions were such  
that I hastened back to my post, and  
now the affairs of the probation de-  
partment are in better shape than  
when I left, and whoever  
takes my place is assured of the co-  
operation of the department as a  
whole."

It is understood that no immediate  
appointment to fill the vacated post  
will be made. Grant Stewart, the  
first assistant probation officer, will  
be in charge of the department after Mr. Vann  
leaves for the north. Then the  
Civil Service Commission will open  
the lists for an examination for  
chief probation officer and assistants  
and others, it is understood, will be  
eligible to compete for the place.

## BOSTON COPPER MARKET

(Furnished by J. H. Over & Co., 110 West

# This Morning

## Not Open Until 10 o'clock

This morning—between the hours of 9 and 10 o'clock—the entire sales staff of Hamburger's will meet to take part in a discussion of the larger service rendered the public by this store.

No matter how good a reputation Hamburger's has established in the public eye, it is our aim to build for the greater service to our customers an Organization Character—an esprit de corps—the same something which makes an army of a crowd of men.

It is the aim of this organization to render to the public a nearly perfect a service as is humanly possible. Through Hamburger's Educational Department this work has been brought to a high development, a development which has for its aim a pleasing and helpful attitude, which should go far towards making your shopping a delight at Hamburger's.

Because  
It cleans  
It beautifies  
It refreshes  
It preserves  
Without drugs

## TO SIMPLIFY FORMALITIES OF CUSTOM

The Passport Confer-  
in Session at Paris Ad-  
Changes.

PARIS, Oct. 18.—The pas-  
port conference in session here  
discussed general discussion of  
the system of customs forms  
proposals adopted includ-  
ing registered baggage should  
be free of customs formal-  
ities where the exportation  
is forbidden should have  
the right of receiving a receipt  
if they have instead of re-  
ceipts at the exchange  
the day.

Other proposals adopted were  
transport of goods should  
be made by passenger trains;  
international stations be made  
series touching each other  
at the formalities of passport  
and customs be simplified  
subject to fixed rela-  
tion the League of Nations  
Council.

Decision to recommend that  
the use of the visa of a  
country should be made  
without delivering passport  
and preliminary visa and  
the right of entry to a coun-  
try should be made  
and there would be  
no passport formalities  
between countries.

## ING Alexander

### Grows Drowsy

#### New Operatio

PARIS, Oct. 18.—A noted  
man, whose name has not been  
made public, was taken to a hos-  
pital today in answer to a  
message from the bed of  
Alexander. It is under-  
stood that he will attempt a further  
operation on the King.

## NOT KILLED BY SHOTGUN

PARIS, Oct. 18.—Frank  
Martinez, Oct. 18.—Frank  
Martinez, 13 years old, was killed  
by the accidental discharge of  
a shotgun.

## FIRST RICE

SACRAMENTO, Oct. 18.—The  
rice market at the Pacific  
coast will not be as  
good to individual growers.  
Producers present at the op-  
eration today expressed extreme  
doubt about the rice market, as  
the market was not as  
good as last season's.

## LOOK FOR THE

Charles Metz, secretary  
of the association, said  
that the rice market has  
not been as good as last  
season's.

## COTTON RECOVERY

NEW YORK, Oct. 18.—Rec-  
overy in cotton is a cent a pound in  
the market has shown a  
recovery in the rice market.  
The market is not as  
good as last season's.
